How do fiscal year-to-date expenditures compare to prior years?
Expenditures are 7.4 percent ahead of last year and consistent with prior year trends. The growth rates are distorted by transfers out to the PI fund. So far $476,000 has been transferred to pay for the tennis court infrastructure project and for one-to-one technology for grades 7-12 for the 2017/18 school year. Without the transfers out, expenditures would be up 5.8 percent from last year.

Assumes an AVI Payment of $15,000 for June to be paid in July.

Total revenue from food service operations are running slightly ahead of anticipated payments to AVI for the 2016/2017 school year. This is assuming a $15,000 AVI bill for June. Last June’s bill was between $11,000 and $12,000. In the end, we anticipate revenues will cover all expenses except Pay-For-It Fees, which the district has chosen not to collect from parents, and equipment repair expenses. Carryover cash will cover a portion of the expenses above operations revenue. A transfer from the operating budget will cover the remainder.

It has been several years since the district has increased food prices in the cafeteria. The Board may want to consider doing so for the 2017/18 school year.

**Student Report – Justin Thompson**

**Staff Report**
- Substance Abuse Policy – Jeff Brown

**Public Comments**
Nick Maxwell – Junior at GHS - Firm opposition to the policy. No conclusive studies that random testing helps forgo. Policy will drive students to drop out of activities. Drug use control should be in home, not school.
Fred Wolf - 4588 Granville Road, Granville - Thanks board for engaging in discussion. This is a health issue. Continue dialogue and open forum.

Scott Monin - Recent grad - Drug testing is not effective. Not cost effective. Proposed plan is punitive. Takes students out of extra-curriculars that is effective in controlling substance abuse. Currently ineffective drug education. Drug policy that is based on education.

Emma Jernigan - Junior at GHS - Implementing policy will push students away from teachers. Students do not feel comfortable coming to staff for help.

Stephanie Tackett - 3727 Gale Road, Granville - In favor of drug policy. Been an ER nurse for 22 years. Now an attorney in Licking County. It is time to address the issue. Not sure if it will work but will give students the opportunity to say no.

Jen Kanagy - 2584 Upland View Ct., Newark - Implore Board to vote no. It is punitive - kids are stressed. Look at causes of stress. Test only when you have probable cause. Test for opioids and steroids.

Cari Loats - 80 Pine Village Dr., Granville - Opt out policy does nothing to address concerns. Involves student's personal integrity. It's not appropriate to do this to students.

Kat Shuttleworth - Junior at GHS - Opposed to the policy. Currently a student can make it to senior year without drug education. Policy will drive kids with biggest problems underground. Fear of judgement or consequences keeps them from approaching staff.

Julie Chaykowski - 1195 New Burg St., Granville - Nurse for 20 years. Grew up here. Drinking and drugs are not new but numbers are increasing. Drug has more of a hold now than before. Students will likely be drug tested in the future. In favor of testing.

Kelly Biehle - 16 Granville Crossing, Granville - In support of drug policy. Board has gone above and beyond. Policy to facilitate conversations and allows for uncomfortable conversations.

Leigh Miller - 29 Knoll Drive, Granville - Thanks to the Board and staff. Good job about engaging conversations. Vote yes on policy but always a work in progress.

Katie Gold - Junior at GHS - Doesn't condone drugs. Knows many affected. Mental health issues underlying. Enforce the policy we have now. No one ever gets punished. Opposed to the policy.

Kieran Sutliff - Junior at GHS - Policy would not be effective. Will breed more mistrust between teachers and students. This show distrust of students.
Seth Chin-Parker - 439 W. College St., Granville - Thank students. Had one week of education since 7th grade. Putting testing in place before education is putting stick before policy. Has problem with opt out because it may be stigmatizing students. Cause division in community.

Kate Plaugher - Junior at GHS - Discussion needs to be addressed. Opt out draws line between students that do and don't. Creates division between teachers and students. Implement more education.

Dan Van Ness - 3923 Morse Rd., Alexandria - Pass the drug policy. Any policy that will give feedback to parents is good. Parents can get students on track if they need help.

Mindy Kunar - 427 Glyn Tawel Dr., Granville - Vote yes for drug testing. It is illegal for kids to drink and use drugs. Testing for getting parking pass can save lives. Drugs/alcohol putting students, friends, community at risk.

Allison Terry - 125 Fallen Ash Dr., Granville - In full support of the program. Should be in place in all schools in the county and Columbus area. Stresses will continue beyond high school. Policy is a great deterrent. Not in support of opt out. This is a lenient policy. Allows students and parents to get help they need.

Brian Barlett - Psychologist - Can't support as written. Okay with testing for opioids and cocaine. Seeing kids under stress.

John Kanagy - 2584 Upland View Ct., Newark - Why are we not discussing opioids. Why discussing cigarettes. Why is it the schools job to test? Should be the parents' responsibility. Create an environment where kids are comfortable coming forward with problems.

Bryn Hendrickson - Junior at GHS - Policy is not perfect. No confidence in policy. Not getting resources to deal with mental health issues. Need a mental health policy as drug and alcohol are a side effect of mental health issues.

Mary Kirkpatrick - Fully support program. Parent and a nurse. Drugs not worth ruining young brains.

Maura Masterson - Junior at GHS - It's not the High Schools job to enforce laws. It's the courts and police jobs. Preserving rights is important.

Regina Martin - Opposed to policy. Research does not support policy. Have not heard about the cost. Would better use of money be hiring another counselor.

Melinda Miller - Deep concern of policy is that consequences of policy is that students are being taken away from things they need.
