Public Comments

- **Mitch Lerner**, 234 N. Pearl Street, Granville – Against random drug testing; 1) Drug testing inconclusive on whether it works. Unintended consequences – may drive students to drugs they aren't testing for. Does testing drive students out of extracurricular programs? Opposed by American Academy of Pediatrics. 2) Practical consequences; costs, impacts learning environment, concerns keeping it confidential. 3) Not the school district's business; it is a family matter or a legal matter.

Granville Board of Education
REGULAR MEETING MINUTES
June 20, 2016

- **Veve Lele**, Granville – Against mandatory testing – agree with Mitch. If permissible, school would test every student. A positive school environment is the best. Testing leads to more adversarial relationship. It’s not the school districts responsibility, it is the parent’s responsibility not to “subcontract”.
- **Margot Singer**, Granville – Against mandatory testing – survey a reference against drug use. Research shows random testing doesn’t work and is a poor use of money. Ask the question- What does work to prevent drug use. There are programs that do work while maintaining a positive environment.
- **Jay Snyder**, 2061 Jones Rd, Granville - Opposed to drug testing. American Academy of Pediatrics are against drug testing. Expected mandatory testing do have more positive impact then research shows. Testing for parking privileges has never been litigated. Committee should start over with question “what can we do to reduce drug use in Granville?”

Board Discussion

- Substance Abuse

Public Comments

- **Margot Singer**, Granville – Discussion of drug testing is more emotional than fact driven. American Academy of Pediatrics is against drug testing in any context. Separate emotions from fact. Applaud next steps the Board is taking- costs/consequences/outcome of testing.
- **Veve Lele**, Granville – Discussion of culture – policy of surveillance would not be a positive culture. See more robust educational effort. Greatest attribute of schools is education.
- **Mitch Lerner**, Granville – Percent of testing positive not an indication that testing not effective. Do education and larger program at same time as testing.
- **Jay Snyder**, 2061 Jones Rd, Granville – Opt in could help some but harm others. Offer benefits for opting in to drug free clubs.
- **Brad Betts**, Music Booster President – music is a basic requirement of life. Express the wants of the music department. Budgeted for expenditures of \$39,400 for next year. Boosters have spent over \$90,000 for the district over the last two years. Spent over \$28,990 over past 25 years for marching band. New dresses for performers \$8,300. Fund \$12,000 for upcoming capital project.
