To the Citizens and Board of Education of the Granville Exempted Village School District:

We are pleased to submit to you the Comprehensive Annual Financial Report (CAFR) of the Granville Exempted Village School District (the "District"). This CAFR, which includes an unmodified opinion from the Auditor of State of Ohio, conforms to accounting principles generally accepted in the United States of America (GAAP) as applicable to governmental entities. Responsibility for the accuracy of the data presented and the completeness and fairness of the presentation, including all disclosures, rests with District's management. To the best of our knowledge and belief, this CAFR and the enclosed data are accurate in all material respects and are reported in a manner designed to present fairly the financial position and results of operations of the District. All disclosures necessary to enable the reader to gain an understanding of the District's financial activities have been included.

GAAP requires that management provide a narrative introduction, overview, and analysis to accompany the basic financial statements in the form of Management's Discussion and Analysis (MD&A). This letter of transmittal is designed to complement the MD&A and should be read in conjunction with it. The District's MD&A can be found immediately following the Independent Auditor's Report.

This report includes all funds of the District. The District provides a full range of traditional educational programs, services and facilities. These include elementary and secondary curriculum at the general, college preparatory and vocational levels, a broad range of co-curricular and extracurricular activities, special education programs and facilities.

In addition to providing these general activities the District has administrative responsibility for state funds distributed to Granville Christian Academy and Welsh Hills School, private schools located within the District boundaries. In accordance with GASB Statement 24, this responsibility is included in the reporting entity as a special revenue fund. While these organizations share operational and service similarity with the District, all are separate and distinct entities. Because of their independent nature, these organizations' financial statements are not included in this report.

PROFILE OF THE SCHOOL DISTRICT

The District was organized in the late 1800's and is a fiscally independent political subdivision of the State of Ohio. The District is a public school system located in Licking County. The District's area is approximately 48 square miles and includes all of the Village of Granville and Granville Township as well as portions of the Cities of Newark and Heath and portions of Newark, Newton, McKean, St. Albans and Union Townships. Granville is a quaint New England-type village founded in 1805 by pioneers from Massachusetts and Connecticut. The area enjoys a favorable reputation for its educational institutions, including Denison University.

The Board of Education (the "Board") of the District is composed of five members elected at large by the citizens of the District. The Board serves as the taxing authority, contracting body, and policy initiator for the operation of the District. The Board is responsible for the adoption of the tax budget, the annual operating budget and the approval of all expenditures of the District. The Board is a body politic and corporate, as defined by Section 3313.02 of the Ohio Revised Code, and has only those powers and authority conferred upon it by the Code.

GRANVILLE EXEMPTED VILLAGE SCHOOL DISTRICT

The District had an estimated enrollment of 2,482 students for the fiscal year end June 30, 2013 compared to 2,484 students for the fiscal year ended June 30, 2012. These students are housed in one elementary school (grades K to 3), an intermediate school (grades 4 to 6), a middle school (grades 7 to 8), and a comprehensive high school (grades 9 to 12). The age of the buildings varies with the oldest built in 1950 and the newest, intermediate building, opened in fiscal year 2003. Additionally, the District operates an administration building, a transportation building, and a maintenance office.

The District estimates enrollment to be 2,460, 2,378, and 2,354 for the fiscal years ending June 30, 2014, 2015, and 2016 respectively. The District's enrollment is based on average daily attendance figures and does not include students living within the District's attendance area who attend charter, community, or private schools.

Economic Condition and Outlook

Although the District has been impacted by the national recession, the local economy has been stable, with the housing market holding its value. Limited new construction and lower rates of turnover in housing has significantly slowed population growth from the levels seen last decade. These two factors, coupled with low birthrates as reported in the 2010 Census for the school district, are leading to projected enrollment declines over the next several years.

The Granville community is crafting a Comprehensive Development Plan. This Comprehensive Plan Update is intended to provide a framework through which the Granville Community can address issues related to the future of the community, including the extension of the Columbus region into Licking County, the strengthening of the tax base, and the expansion of housing opportunities, and assist with decisions that also serve to protect and preserve the rural character of the Township, the small town character of the Village, the quality and capacity of Granville schools, and other aspects of the community's quality of life.

The Granville area offers an excellent opportunity for business growth and expansion. The community contains a diverse group of employers, from small cottage home based businesses to major commercial/industrial and service corporations. Jobs are based in the college, area businesses, and many employers in the Columbus metropolitan area. Rich in higher education opportunities, Granville is the home of Denison University, and located just east of Granville, Central Ohio Technical College and The Ohio State University Newark campus. The four largest employers in the District in terms of numbers of employees are: Denison University, Granville Exempted Village Schools, Owens Corning Technical Center, and Mid-Ohio Mechanical, Inc.

GRANVILLE EXEMPTED VILLAGE SCHOOL DISTRICT

The projected declining General Fund cash balance is a reflection of the challenge of Ohio school district financing and the impact of the economic downturn. The District has had reductions in state funding for the last four years. Approximately 31% of the total operating revenue is from state funding sources. In addition, there is no permanent reimbursement plan to replace tangible tax revenues eliminated through House Bill 66 passed in June 2005, and possible further eroding of the Districts tax base through future legislation. While House Bill 66 contained a reimbursement plan for school districts for lost tangible taxes, these reimbursements were phased down in 2012 and eliminated completely in fiscal year 2013.

The District passed a 5.8 mill operating levy in 2010. The levy generates about \$2.4 million annually. However, the loss of the tangible property tax reimbursement and the elimination of federal stimulus money cost the district nearly \$1.5 million in revenue since the passage of the levy in 2010. In response to these revenue losses, the district made over \$1.5 million in expenditure reductions heading into the 2012/2013 school year. These reductions allowed the district to maintain its promise to the voters to go at least three years from the 2010 levy before asking for additional resources. A new 5.5 mill levy was passed by the voters at the November 2013 general election.

The financial forecast of General Fund operations for the next five years shows that the District's fiscal year 2014 ending General Fund cash balance is projected, with the passage of the new levy, to be approximately \$2 million. This cash balance is expected to grow to over \$3.1 million by the end of fiscal year 2015 and to remain positive through the current five-year forecast period.

MAJOR INITIATIVES AND ACCOMPLISHMENTS

Accomplishments for Fiscal Year 2013

Financial

Certificate of Achievement for Excellence in Financial Reporting

The Government Finance Officers Association of the United States and Canada (GFOA) awarded a Certificate of Achievement for Excellence in Financial Reporting to the District for its comprehensive annual financial report for the fiscal year ended June 30, 2012. This was the fourth consecutive year that the District has achieved this prestigious award. In order to be awarded a Certificate of Achievement, a government must publish an easily readable and efficiently organized comprehensive annual financial report. This report must satisfy both generally accepted accounting principles and applicable legal requirements.

A Certificate of Achievement is valid for a period of one year only. We believe that our current comprehensive annual financial report continues to meet the Certificate of Achievement Program's requirements and we are submitting it to the GFOA to determine its eligibility for another certificate.

Salary Restrain

Working with Granville Education Association (GEA), an agreement was reached for the 2012/2013 and 2013/2014 school years that restricted salary growth. For the 2012/2013 school year, employees received no base salary increases and no step increases, but did receive a one-time \$400 stipend. For the 2013/2014 school year, there is a step increase, but only a one percent base salary increase.

Health Care Benefits

The district and the GEA also worked together to come up with plan designs in medical insurance to help control costs. As a result, along with low medical insurance utilization rates, the district achieved a 4.6 percent decline in medical insurance costs for the 2012/2013 school year. In addition, by rebidding vision care insurance, the district was able to achieve a 47 percent decline in vision insurance costs while, at the same time, enhancing the benefits for district employees. As part of the process for rebidding insurance prior to the 2012/13 school year, the district was able to get a cap placed on potential premium growth for the 2013/14 school year. This cap will save the district a substantial amount of money for the 2013/14 school year.

GRANVILLE EXEMPTED VILLAGE SCHOOL DISTRICT

Instruction & Academic Achievement

The District earned the Ohio Department of Education's (ODE) designation "Excellent" for the 2012-2013 Local Report Card. Among the highlights on the 2013 Local Report Card (LRC), the District:

- Received all A's and one B and C on LRC.
- Exceeded state goals for graduation rates.
- Granville is one of only four Ohio districts to meet all indicators every year since 1998.
- Achieved a Performance Index score of 107.9, in the top 27 in the state.
- Performance index ranking places the District in the top 4.4% of the entire state.
- Met Adequate Yearly Progress (AYP) targets in Reading and Math for all subgroups.
- Advanced and accelerated percentages are higher than the similar district average in 13 of 19 tested subject areas.
- The District facilitated above expected growth overall and for all subgroups.
- Over 51% of graduates scored at or above the college readiness benchmarks in all four areas on the ACT (state average is 28%).
- Over 80% of graduates took the ACT college entrance exam and averaged a composite score of 24.6 (state average is 21.8).

Each of the District's four schools received A's, B's, or C on LRC in fiscal year 2013.

Granville High School:

- Exceeded state goals for all ten academic indicators.
- Exceeded state goals for graduation rate.
- Earned the highest state designation of A for all indicators.
- Earned the Battelle for Kids, "SOAR" award for high student growth (top 2 percent of state).
- Over 80% of graduates took the ACT college entrance exam and averaged a composite score of 24.6 (state average is 21.8).
- Met Annual Measureable Objectives (AMO) targets in Reading and Math and graduation for all subgroups.
- Over 60% of graduates took at least one Advanced Placement (AP) course during their high school career.
- Achieved a Performance Index score of 112.3, an all-time high.
- Performance Index ranking places GHS in the top 2.5% of all high schools.

Granville Middle School:

- Exceeded state goals for all five academic indicators.
- Facilitated a year's worth of growth overall for all subgroups
- Facilitated more than a year's worth of growth for students with disabilities.
- Achieved a Performance Index score of 106.0.
- Performance Index ranking places GMS in the top 9.4% of all middle schools.

Granville Intermediate School:

- Exceeded state goals for all seven academic indicators
- Earned B for AMO
- Facilitated more than a year's worth of growth for students overall.
- Achieved a Performance Index score of 106.3.
- Performance Index ranking places GIS in the top three of all intermediate schools.

Granville Elementary School:

- Exceeded state goals for all academic indicators.
- Earned all A's on LRC
- Met Annual Measureable Objectives targets in Reading and Math for all subgroups.
- Achieved a Performance Index score of 108.3.
- Performance Index rating places GES in the top 18 of all elementary schools in the state.

Initiatives for Fiscal Year 2014

Financial

The District will apply to receive the Certificate of Excellence in Financial Reporting for its fiscal year 2013 CAFR.

The District has aggressively identified areas to reduce expenses while limiting reductions in direct services to students. Our goal has been to keep reductions away from the classroom as much as possible. The purpose is to maintain the outstanding quality of the District's educational program.

The District implemented paperless requisitions for the 2012/2013 school year in a continue effort to move toward a completely paperless purchasing system. For the FY 2013/14 school year, a paperless purchase order system is being put in place, as well as expanded use of electronic payments of bills. By the end of the 2013/14 school year, there is expected to be in place an electronic record storage system that would store in a single linked file every purchase made by the District, from the initial requisition to final payment.

The District has been awarded a mini-grant of over \$11,000 for the 2012/2013 school year and over \$12,000 for the 2013/2014 school year to offset testing costs for Race to the Top compliance.

Instruction

The District is responding to many new initiatives to prepare students for the new college and career readiness standard. The District has fully implemented the new Common Core or Ohio Learning Standards. The implementation of the new standards was in preparation for full implementation of the new PARCC assessments in 2014-2015 school year. All professional development is focused on the high leverage strategy of Formative Assessment. Specifically, teachers are working with students to develop their ownership of learning. This requires students to actively engage in the learning process as partners. By monitoring their own progress and setting goals for future learning students are motivated to succeed. Formative Assessment is an element of the District's Race to the Top scope of work. The District's continuous improvement plan focuses all of the District work on improved student achievement outcomes and building teacher capacity on high leverage instructional strategies.

GRANVILLE EXEMPTED VILLAGE SCHOOL DISTRICT

FINANCIAL POLICIES AND INFORMATION

The District courses of study will continue to be revised and periodically updated to provide students with instruction that is closely correlated with the State's academic content standards. To support the effective implementation of the new courses of study, additional financial resources will be needed to train teachers and to provide students with current learning materials and equipment.

Internal Controls

The management of the District is responsible for establishing and maintaining internal controls designed to ensure that the assets of the District are protected from loss, theft or misuse and to ensure that adequate accounting data are compiled to allow for the preparation of financial statements in conformity with Generally Accepted Accounting Principles. The internal controls are designed to provide reasonable, but not absolute, assurance that these objectives are met. The concept of reasonable assurance recognizes that: (1) the cost of a control should not exceed the benefits likely to be derived from its implementation; and (2) the valuation of cost and benefits requires estimates and judgments by management.

Budgetary Controls

The budgetary process is prescribed by provisions of the Ohio Revised Code and entails the preparation of budgetary documents within an established timetable. The major documents prepared are the certificate of estimated resources, and the appropriations resolution, both of which are prepared on the budgetary basis of accounting. The certificate of estimated resources and the appropriations resolution are subject to amendment throughout the year with the legal restriction that appropriations cannot exceed estimated resources, as certified. All funds, other than agency funds, are legally required to be budgeted and appropriated. The primary level of budgetary control required by Ohio Revised Code is at the fund level. The level of budgetary control imposed by the District (the level at which expenditures cannot legally exceed the appropriated amount) is established at the fund level for all funds. Any budgetary modifications at these levels may only be made by resolution of the Board of Education. The District also maintains an encumbrance accounting system as one technique of accomplishing budgetary control. Encumbered amounts at year-end are carried forward to succeeding years and are not re-appropriated.

Risk Management

The District is enrolled in a group purchasing program for worker's compensation. In this plan, the individual premium rate is calculated based on the worker's compensation experience of the District. Additionally, the District carries all-risk property insurance on buildings and contents, fleet insurance on all rolling stock, liability and excess liability insurance coverage as well as officers' liability insurance, employee benefits liability, and workers' compensation intentional acts defense coverage. All employees are covered by the District's blanket bond, and medical coverage for employees is provided through a conventional healthcare plan.

Cash Management

Cash temporarily idle during the year was invested in demand deposits, certificates of deposit, and both the State Treasury Asset Reserve of Ohio (STAR Ohio) and the new STAR Plus program.

GRANVILLE EXEMPTED VILLAGE SCHOOL DISTRICT

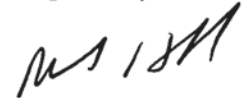

Independent Audit

Office of Management and Budget Circular A-133 requires an annual audit by independent accountants. The Auditor of State of Ohio conducted the District's fiscal year 2013 audit. In addition to meeting the requirements set forth in state statutes, the audit also was designed to meet the requirements of the Federal Single Audit Act Amendments of 1996 and related OMB Circular A-133. The Independent Auditor's Report on the basic financial statements is included in the financial section of this report.

Acknowledgements

This report has been compiled and prepared by the Treasurer's office staff. Special acknowledgement is given to the Superintendent of Schools and the Granville Board of Education for their leadership and commitment to the students, staff and community of the Granville Exempted Village School District.

Respectfully submitted,

Mike Sobul, CFO/Treasurer

INDEPENDENT AUDITOR'S REPORT

Granville Exempted Village School District
Licking County
130 North Granger Street
Granville, Ohio 43023

To the Board of Education:

Report on the Financial Statements

We have audited the accompanying financial statements of the governmental activities, each major fund, and the aggregate remaining fund information of Granville Exempted Village School District, Licking County, Ohio (the District), as of and for the year ended June 30, 2013, and the related notes to the financial statements, which collectively comprise the District's basic financial statements as listed in the table of contents.

Management's Responsibility for the Financial Statements

Management is responsible for preparing and fairly presenting these financial statements in accordance with accounting principles generally accepted in the United States of America; this includes designing, implementing, and maintaining internal control relevant to preparing and fairly presenting financial statements that are free from material misstatement, whether due to fraud or error.

Auditor's Responsibility

Our responsibility is to opine on these financial statements based on our audit. We audited in accordance with auditing standards generally accepted in the United States of America and the financial audit standards in the Comptroller General of the United States' *Government Auditing Standards*. Those standards require us to plan and perform the audit to reasonably assure the financial statements are free from material misstatement.

An audit requires obtaining evidence about financial statement amounts and disclosures. The procedures selected depend on our judgment, including assessing the risks of material financial statement misstatement, whether due to fraud or error. In assessing those risks, we consider internal control relevant to the District's preparation and fair presentation of the financial statements in order to design audit procedures that are appropriate in the circumstances, but not to the extent needed to opine on the effectiveness of the District's internal control. Accordingly, we express no opinion. An audit also includes evaluating the appropriateness of management's accounting policies and the reasonableness of their significant accounting estimates, as well as our evaluation of the overall financial statement presentation.

We believe the audit evidence we obtained is sufficient and appropriate to support our audit opinions.

Opinion

In our opinion, the financial statements referred to above present fairly, in all material respects, the respective financial position of the governmental activities, each major fund, and the aggregate remaining fund information of Granville Exempted Village School District, Licking County, Ohio, as of June 30, 2013, and the respective changes in financial position thereof and the budgetary comparison for the General fund thereof for the year then ended in accordance with the accounting principles generally accepted in the United States of America.

Other Matters

Required Supplementary Information

Accounting principles generally accepted in the United States of America require this presentation to include *Management's discussion and analysis*, listed in the table of contents, to supplement the basic financial statements. Although this information is not part of the basic financial statements, the Governmental Accounting Standards Board considers it essential for placing the basic financial statements in an appropriate operational, economic, or historical context. We applied certain limited procedures to the required supplementary information in accordance with auditing standards generally accepted in the United States of America, consisting of inquiries of management about the methods of preparing the information and comparing the information for consistency with management's responses to our inquiries, to the basic financial statements, and other knowledge we obtained during our audit of the basic financial statements. We do not opine or provide any assurance on the information because the limited procedures do not provide us with sufficient evidence to opine or provide any other assurance.

Supplementary and Other Information

Our audit was conducted to opine on the District's basic financial statements taken as a whole.

The introductory section, the financial section's combining statements, individual fund statements and schedules and the statistical section information present additional analysis and are not a required part of the basic financial statements.

The statements and schedules are management's responsibility, and derive from and relate directly to the underlying accounting and other records used to prepare the basic financial statements. We subjected these statements and schedules to the auditing procedures we applied to the basic financial statements. We also applied certain additional procedures, including comparing and reconciling statements and schedules directly to the underlying accounting and other records used to prepare the basic financial statements or to the basic financial statements themselves in accordance with auditing standards generally accepted in the United States of America. In our opinion, these statements and schedules are fairly stated in all material respects in relation to the basic financial statements taken as a whole.

We did not subject the introductory section and statistical section information to the auditing procedures applied in the audit of the basic financial statements and, accordingly, we express no opinion or any other assurance on them.

Other Reporting Required by Government Auditing Standards

In accordance with *Government Auditing Standards*, we have also issued our report dated December 11, 2013, on our consideration of the District's internal control over financial reporting and our tests of its compliance with certain provisions of laws, regulations, contracts and grant agreements and other matters. That report describes the scope of our internal control testing over financial reporting and compliance, and the results of that testing, and does not opine on internal control over financial reporting or on compliance. That report is an integral part of an audit performed in accordance with *Government Auditing Standards* in considering the District's internal control over financial reporting and compliance.

GRANVILLE EXEMPTED VILLAGE SCHOOL DISTRICT

MANAGEMENT'S DISCUSSION AND ANALYSIS FOR THE FISCAL YEAR ENDED JUNE 30, 2013 (UNAUDITED)

As management of the Granville Exempted Village School District (the District), we offer readers of the District's financial statements this narrative overview and analysis of the financial activities of the District for the fiscal year ended June 30, 2013. We encourage readers to consider the information presented here in conjunction with additional information that we have furnished in our letter of transmittal, which can be found on pages 3-9 of this report.

Financial Highlights

- The assets and deferred outflows or resources of the District exceeded its liabilities and deferred inflows of resources at the close of the most recent fiscal year by approximately \$2.8 million (net position).
- Net position decreased \$780,558, or 22.0%, during the fiscal year.
- As of the close of the most recent fiscal year, the District's governmental funds reported combined ending fund balances of approximately \$2.7 million, an increase of \$670,258 in comparison with the prior year.
- At the end of the current fiscal year, unassigned fund balance for the general fund was a negative \$377,424.

Overview of the Financial Statements

This discussion and analysis is intended to serve as an introduction to the District's basic financial statements. The District's basic financial statements comprise three components: 1) government-wide financial statements, 2) fund financial statements, and 3) notes to the basic financial statements. This report also contains other supplementary information in addition to the basic financial statements themselves.

Government-wide financial statements. The government-wide financial statements are designed to provide readers with a broad overview of the District's finances, in a manner similar to a private-sector business.

The statement of net position presents information on all of the District's assets, deferred outflows of resources, liabilities and deferred inflows of resources, with the difference reported as net position. Over time, increases or decreases in net position may serve as a useful indicator of whether the financial position of the District is improving or deteriorating.

The statement of activities presents information showing how the government's net position changed during the most recent fiscal year. All changes in net position are reported as soon as the underlying event giving rise to the change occurs, regardless of the timing of related cash flows. Thus, revenues and expenses are reported in this statement for some items that will only result in cash flows in future fiscal periods (e.g., uncollected taxes and earned but unused vacation leave).

The government-wide financial statements can be found on pages 27-28 of this report.

GRANVILLE EXEMPTED VILLAGE SCHOOL DISTRICT

MANAGEMENT'S DISCUSSION AND ANALYSIS FOR THE FISCAL YEAR ENDED JUNE 30, 2013 (UNAUDITED)

Fund Financial Statements. A fund is a grouping of related accounts that is used to maintain control over resources that have been segregated for specific activities or objectives. The District, like other state and local governments, uses fund accounting to ensure and demonstrate compliance with finance-related legal requirements. The District's major funds are the general and debt service funds. All of the funds of the District can be divided into two categories: governmental funds and fiduciary funds.

Governmental Funds

Governmental funds are used to account for essentially the same functions reported as governmental activities in the government-wide financial statements. However, unlike government-wide financial statements, governmental fund financial statements focus on near-term inflows and outflows of spendable resources, as well as on balances of spendable resources available at the end of the fiscal year. Such information may be useful in evaluating a government's near-term financing requirements.

Because the focus of governmental funds is narrower than that of the government-wide financial statements, it is useful to compare the information presented for governmental funds with similar information presented for governmental activities in the government-wide financial statements. By doing so, readers may better understand the long-term impact of the government's near-term financing decisions. Both the governmental fund balance sheet and the governmental fund statement of revenues, expenditures, and changes in fund balances provide a reconciliation to facilitate this comparison between governmental funds and governmental activities.

The District adopts an annual appropriated budget for its general fund. A budgetary comparison statement has been provided for the general fund to demonstrate compliance with this budget.

The basic governmental fund financial statements can be found on pages 29-33 of this report.

Fiduciary Funds

Fiduciary funds are used to account for resources held for the benefit of parties outside the government. Fiduciary funds are not reflected in the government-wide financial statements because the resources of those funds are not available to support the District's own programs. The accounting used for fiduciary funds is much like that used for proprietary funds.

The basic fiduciary fund financial statement can be found on page 34 of this report.

Notes to the basic financial statements. The notes provide additional information that is essential to a full understanding of the data provided in the government-wide and fund financial statements. The notes to the basic financial statements begin on page 35 of this report.

Other information. The combining and individual fund statements and schedules referred to earlier in connection with nonmajor governmental funds can be found on pages 67-84 of this report.

Government-wide Financial Analysis

As noted earlier, net position may serve over time as a useful indicator of a government's financial position. In the case of the District, assets and deferred outflows of resources exceed liabilities and deferred inflows of resources by approximately \$2.8 million at the close of the current fiscal year.

GRANVILLE EXEMPTED VILLAGE SCHOOL DISTRICT

**MANAGEMENT'S DISCUSSION AND ANALYSIS
FOR THE FISCAL YEAR ENDED JUNE 30, 2013
(UNAUDITED)**

By far the largest portion of the District's net position (311%) reflects its investment in capital assets (e.g. land, buildings, furniture and equipment), less any related debt used to acquire those assets that is still outstanding. The District uses these capital assets to provide services; consequently, these assets are not available for future spending. Although the District's investment in its capital assets is reported net of related debt, it should be noted that the resources needed to repay this debt must be provided from other sources, since the capital assets themselves cannot be used to liquidate these liabilities.

An analysis of fiscal year 2013 in comparison with fiscal year 2012 follows for the Statement of Net Position:

	2013	Restated 2012	Change
Current and Other Assets	\$ 23,297,551	\$ 23,640,932	-1.5%

Total Net Position	<u>\$ 2,768,898</u>	<u>\$ 3,549,456</u>	-22.0%

Total assets decreased approximately \$1.7 million. This decrease is primarily the result of a decrease in Pooled Cash and Cash Equivalents as a result of operations (\$213,915), and a decrease in Capital Assets resulting from depreciation exceeding additions (\$1.4 million).

Deferred outflows of resources decreased \$37,003. This decrease is the result of current years' amortization of the amount on refunding.

Total liabilities decreased \$294,504 in comparison with the prior year. This decrease is primarily the result of a decrease in Long Term Liabilities resulting from current year debt service (\$439,641) and a decrease in Accrued Wages and Benefits (\$127,807). This decrease was offset, in part, by a \$230,141 increase of accrued interest on general obligation bonds payable as of fiscal year end.

GRANVILLE EXEMPTED VILLAGE SCHOOL DISTRICT

**MANAGEMENT'S DISCUSSION AND ANALYSIS
FOR THE FISCAL YEAR ENDED JUNE 30, 2013
(UNAUDITED)**

Deferred inflows of resources decreased \$657,117 in comparison with the prior year. This decrease is primarily the result of an increase in the portion of property taxes legally available as an advance, on the future August real estate settlement as of June 30, which is reported as revenue on both the full accrual and modified accrual basis of accounting (\$733,854).

An analysis of fiscal year 2013 in comparison with fiscal year 2012 follows for the Statement of Activities:

The schedule clearly shows the dependence upon tax revenues and state subsidies for governmental activities. Only 7.6 percent of the governmental activities performed by the District are supported through program revenues such as charges for services and operating grants. The remaining 92.4 percent is provided through general revenues such as property taxes and unrestricted grants and entitlements.

**MANAGEMENT'S DISCUSSION AND ANALYSIS
FOR THE FISCAL YEAR ENDED JUNE 30, 2013
(UNAUDITED)**

Revenues

Operating Grants and Contributions decreased from fiscal year 2012 primarily as a result of the loss of federal stimulus funding. The decrease in Capital Contributions was a result of no donated capital in the current fiscal year.

Program Expenses

During the fiscal year, program expenses decreased approximately \$913,685 or 3.0%.

The Statement of Activities shows the cost of program services and charges for service and grants and contributions, offsetting those services. Table 3 shows the total cost of services and the net cost of services.

An analysis of fiscal year 2013 in comparison with fiscal year 2012 follows:

Financial Analysis of the District's Funds

As noted earlier, the District uses fund accounting to ensure and demonstrate compliance with finance-related legal requirements.

Governmental Funds

The focus of the District's governmental funds is to provide information on near-term inflows, outflows, and balances of spendable resources. Such information is useful in assessing the District's financing requirements. In particular, unrestricted fund balance may serve as a useful measure of the District's net resources available for spending at the end of the fiscal year.

**MANAGEMENT'S DISCUSSION AND ANALYSIS
FOR THE FISCAL YEAR ENDED JUNE 30, 2013
(UNAUDITED)**

An analysis of fiscal year 2013 in comparison with fiscal year 2012 follows:

	<u>Fund Balance June 30, 2013</u>	<u>Fund Balance June 30, 2012</u>	<u>Increase/ (Decrease)</u>
General Fund	\$ 322,576	\$ (154,997)	\$ 477,573
Debt Service Fund	2,585,596	2,521,647	63,949

Total	<u>\$ 2,652,419</u>	<u>\$ 1,982,161</u>	<u>\$ 670,258</u>

General Fund

During the current fiscal year, the fund balance in the District's General Fund increased \$477,573, compared with a \$2.9 million decrease in the previous fiscal year.

Revenues remained steady and increased approximately \$1.9 million during the fiscal year. Expenditures decreased \$1.5 million or 6.5%. This decrease is primarily the result of spending cuts.

Debt Service Fund

Revenues outgained expenditures in the debt service fund by \$63,949 as a result of property tax and intergovernmental revenues outstripping current debt service obligations.

General Fund Budget Information

The District's budget is prepared according to Ohio law and is based on accounting for certain transactions on a basis of cash receipts, disbursements, and encumbrances. The most significant budgeted fund is the general fund.

Final Estimated Resources were decreased \$25,328 in relation to the Original Estimated Resources. Final Appropriations were decreased \$1,803 in relation to the Original Appropriations.

The District's final revenues estimate exceeded actual revenues by \$228,087 or 1%.

Actual expenditures were \$250,361, or 1.1%, less than final appropriations.

Capital Assets

At the end of the fiscal year, the District's had \$33.6 million (net of accumulated depreciation) invested in capital assets compared to \$35 million in the prior year. This decrease in capital assets is due to additions of \$149,503 being offset by \$1.5 million in depreciation. This investment in capital assets includes land, land improvements, buildings and improvements, furniture, fixtures and equipment, and vehicles. Detailed information regarding capital asset activity is included in the Note 6 to the basic financial statements.

GRANVILLE EXEMPTED VILLAGE SCHOOL DISTRICT

MANAGEMENT'S DISCUSSION AND ANALYSIS FOR THE FISCAL YEAR ENDED JUNE 30, 2013 (UNAUDITED)

Debt

At the end of the fiscal year, the District had total long-term debt outstanding of \$32.8 million, a decrease of \$250,861 from fiscal year 2012. The District had no long-term debt issuances during the fiscal year. The decrease is a result of principal payments offset by current year accretion and amortization. Detailed information regarding long-term obligations is included in Notes 7 to the basic financial statements.

Under current state statutes, the District's general obligation bonded debt issues are subject to a legal limitation based on 9% of the total taxable valuation of real and personal property. As of June 30, 2013, the District's general obligation debt was below the legal limit.

Economic Factors

The District's net position decreased by \$780,558. Because of static revenue forecasts, the district faces potential shortfalls after FY 2014. The district administration is committed to minimizing the shortfalls and maintaining a positive cash flow through spending controls that cause the least disruption to academic programs. In addition, the district passed an additional operating levy in November 2013.

Contacting the District's Financial Management

This financial report is designed to provide our citizen's, taxpayers, and investors and creditors with a general overview of the District's finances and to show the District's accountability for the money it receives. Revenues in the statement of activities that do not provide current financial resources are not reported as revenues in the funds.

Interest	(3,593)
Intergovernmental	(1,860)
Property Taxes	(202,148)

The issuance of long-term debt (e.g. bonds, leases) provides current financial resources to governmental funds, while the repayment of the principal of long-term debt consumes the current financial resources of governmental funds. Neither transaction, however, has any effect on net position. Also, governmental funds report the effect of premiums, discounts, and similar items when debt is first issued, whereas these amounts are deferred and amortized in the statement of activities.

Bond and Note Principal Repayments	840,769

GRANVILLE EXEMPTED VILLAGE SCHOOL DISTRICT

NOTES TO THE BASIC FINANCIAL STATEMENTS FOR THE FISCAL YEAR ENDED JUNE 30, 2013

NOTE 1 – DESCRIPTION OF THE DISTRICT AND REPORTING ENTITY

Granville Exempted Village School District (the “District”) is organized under Article VI, Sections 2 and 3 of the Constitution of the State of Ohio. The District operates under a locally-elected Board form of government consisting of five members elected at-large for staggered four year terms. The District provides educational services as authorized by State statute and Federal guidelines.

The District was established in the late 1800’s. The District serves an area of approximately 48 square miles. It is located in Licking County, and includes all of the Village of Granville and Granville Township as well as portions of the Cities of Newark and Heath and portions of Newark, Newton, McKean, St. Albans and Union Townships. It is staffed by 58 non-certified employees, 156 certified full-time personnel and 13 administrative employees who provide services to 2,458 full time equivalent students. The District currently operates four instructional buildings, one administrative building, and one transportation building.

Reporting Entity:

A reporting entity is comprised of the primary government, component units, and other organizations that are included to insure that the financial statements are not misleading. The primary government of the District consists of all funds, departments, boards, and agencies that are not legally separate from the District. For the Granville Exempted Village School District, this includes general operations and student related activities of the District.

Component units are legally separate organizations for which the District is financially accountable. The District is financially accountable for an organization if the District appoints a voting majority of the organization’s governing board and (1) the District is able to significantly influence the programs or services performed or provided by the organization; or (2) the District is legally entitled to or can otherwise access the organization’s resources; the District is legally obligated or has otherwise assumed the responsibility to finance the deficits of, or provide financial support to the organization; or the District is obligated for the debt of the organization. Component units may also include organizations that are fiscally dependent on the District in that the District provides the budget, the issuance of debt, or the levying of taxes. The District has no component units.

The following activities are included within the reporting entity;

Private Schools- Welsh Hills and Granville Christian Academy, private schools, operate within the District boundaries. Current State legislation provides funding to these private schools. These monies are received and disbursed on behalf of the private schools by the Treasurer of the District, as directed by the private schools in accordance with State rules and regulations. This activity is reflected in a special revenue fund for financial reporting purposes.

The District is associated with eight organizations, five of which are defined as jointly governed organizations, two as insurance purchasing pools, and one as a related organization. These organizations are the Licking Area Computer Association, Career and Technology Education Centers of Licking County, Metropolitan Educational Council, the School Study Council of Ohio, the Newark-Granville Community Authority, the Ohio School Boards Association Workers’ Compensation Group Rating Plan, the Metropolitan Educational Council Group Insurance Pool, and the Granville Schools Education Foundation, Incorporated. These organizations are presented in Notes 13, 14, and 15 to the basic financial statements.

NOTES TO THE BASIC FINANCIAL STATEMENTS FOR THE FISCAL YEAR ENDED JUNE 30, 2013

NOTE 2 – SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

(a) Government-wide and Fund Financial Statements

The government-wide financial statements (i.e. the statement of net position and the statement of activities) report information on all of the nonfiduciary activities of the primary government and its component units. Governmental activities, which normally are supported by taxes and intergovernmental revenues, are reported separately from business-type activities (the District has none), which rely to a significant extent on fees and charges for support. Likewise, the primary government is reported separately from certain legally separate component units for which the primary government is financially accountable.

The statement of activities demonstrates the degree to which the direct expenses of a given function are offset by program revenues. Direct expenses are those that are clearly identifiable with a specific function. Program revenues include 1) charges to customers or applicants who purchase, use, or directly benefit from goods, services, or privileges provided by a given function and 2) grants and contributions that are restricted to meeting the operational or capital requirements of a particular function. Taxes and other items not properly included among program revenues are reported instead as general revenues.

Separate financial statements are provided for governmental funds, proprietary funds (the District has none), and fiduciary funds, even though the latter are excluded from the government-wide financial statements. Major individual funds are reported as separate columns in the fund financial statements. Nonmajor funds are aggregated and presented in a single column.

The District reports the following major governmental funds:

General Fund — The General Fund is the District's primary operating fund. It accounts for all financial resources of the District, except those required to be accounted for in another fund.

Debt Service Fund — The Debt Service Fund is used to account for the accumulation of resources for, and the payment of, general long-term debt principal, interest, and related costs.

Other Governmental Funds of the District account for food services, co-curricular activities, federal and state grants, and other resources.

Proprietary Funds – Proprietary funds consist of enterprise funds, which are used to report any activity for which a fee is charged to external users for goods or services, and internal service funds, which are used to allocate costs of centralized services. The District reports no proprietary funds.

Fiduciary Funds — Fiduciary funds are used to account for assets held by the District in a trustee or agency capacity for others and therefore cannot be used to support the District's own programs. Fiduciary funds include pension trust funds, investment trust funds, private-purpose trust funds, and agency funds. The District has two fiduciary funds both being agency funds. One accounts for the Newark-Granville Authority and the other accounts for student activities.

As a general rule the effect of interfund activity has been eliminated from the government-wide financial statements; however, interfund services provided and used are not eliminated.

NOTE 2 – SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (Continued)

(b) Measurement Focus, Basis of Accounting, and Financial Statement Presentation

The government-wide financial statements are prepared using the economic resources measurement focus and the accrual basis of accounting, as are the fiduciary fund financial statements, except agency funds which do not report results of operations and therefore have no measurement focus. Revenues are recorded when earned and expenses are recorded when a liability is incurred, regardless of the timing of related cash flows. Property taxes are recognized as revenues in the year for which they are levied. Grants and similar items are recognized as revenue as soon as all eligibility requirements imposed by the provider have been met.

Governmental fund financial statements are prepared using the current financial resources measurement focus and the modified accrual basis of accounting. Revenues are recognized as soon as they are both measurable and available. Revenues are considered to be available when they are collectible within the current period or soon enough thereafter to pay liabilities of the current period. For this purpose, the District considers revenues to be available if they are collected within 60 days of the end of the current fiscal period. Expenditures generally are recorded when a liability is incurred, as under accrual accounting. However, debt service expenditures, as well as expenditures related to compensated absences, are recorded only when payment is due.

In applying the susceptible to accrual concept under the modified accrual basis, the following revenue sources are deemed both measurable and available: property taxes available for advance, tuition, grants and student fees.

Deferred Outflows/Inflows of Resources

In addition to assets, the statement of financial position will sometimes report a separate section for deferred outflows of resources. This separate financial statement element, deferred outflows of resources, represents a consumption of net position that applies to a future period(s) and so will not be recognized as an outflow of resources (expense) until then. For the District, deferred outflows of resources include deferred charges on refundings reported in the government-wide statement of net position. A deferred charge on refunding results from the difference in the carrying value of refunded debt and its reacquisition price. This amount is deferred and amortized over the shorter of the life of the refunded or refunding debt.

In addition to liabilities, the statement of financial position will sometimes report a separate section for deferred inflows of resources. This separate financial statement element, deferred inflows of resources, represents an acquisition of net position that applies to a future period(s) and so will not be recognized as an inflow of resources (revenue) until that time. For the District, deferred inflows of resources include property taxes and unavailable revenue. Property taxes represent amounts for which there is an enforceable legal claim as of June 30, 2013, but which were levied to finance fiscal year 2014 operations. These amounts have been recorded as a deferred inflow of resources on both the government-wide statement of net position and the governmental funds balance sheet. Unavailable revenue is reported only on the governmental funds balance sheet, and represents receivables which will not be collected within the availability period. For the District, unavailable revenue includes delinquent property taxes and intergovernmental revenues. These amounts are deferred and recognized as an inflow of resources in the period the amounts become available.

NOTES TO THE BASIC FINANCIAL STATEMENTS FOR THE FISCAL YEAR ENDED JUNE 30, 2013

NOTE 2 – SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (Continued)

Expenditures/Expenses

On the accrual basis of accounting, expenses are recognized at the time they are incurred.

The measurement focus of governmental fund accounting is on decreases in net financial resources (expenditures) rather than expenses. Expenditures are generally recognized in the accounting period in which the related fund liability is incurred, if measurable. Allocations of cost, such as depreciation, are not recognized in governmental funds.

(c) Budgetary Data

All funds, except agency funds, are legally required to be budgeted and appropriated. The major documents prepared are the certificate of estimated resources and the appropriations resolution, each of which are prepared on the budgetary basis of accounting. The tax budget demonstrates a need for existing or increases tax rates and the filing requirement is waived by the Licking County Auditor. The certificate of estimated resources establishes a limit on the amount the Board of Education may appropriate. The appropriations resolution is the Board's authorization to spend resources and sets annual limits on expenditures plus encumbrances at the level of control selected by the Board. The legal level of budgetary control has been established by the Board of Education at the fund level for all funds. Any budgetary modifications at this level may only be made by the Board of Education. Budgetary allocations at the function and object level within all funds are made by the Treasurer. Advances in/out are not required to be budgeted since they represent a temporary cash flow resource and are intended to be repaid.

The Building Fund is not budgeted as it consists solely of outstanding advances.

The certificate of estimated resources may be amended during the year if the projected increases or decreases in revenue are identified by the Treasurer. The amounts reported as the original budgeted amounts on the budgetary statement reflect the amounts on the certificate of estimated resources when the original appropriations were adopted. The amounts reported as the final budgeted amounts on the budgetary statement reflect the amounts on the amended certificate of estimated resources in effect at the time the final appropriations were passed by the Board.

The appropriation resolution is subject to amendment throughout the year with the restriction that appropriations cannot exceed estimated resources. The amounts reported as the original budgeted amounts reflect the first appropriation resolution for that fund that covered the entire fiscal year, including amounts automatically carried forward from prior fiscal years. The amounts reported as the final budgeted amounts represent the final appropriation amounts passed by the Board during the fiscal year.

(d) Cash and Investments

To improve cash management, cash received by the District is pooled and invested. Monies for all funds are maintained in this pool. Individual fund integrity is maintained through the District's records. Interest in the pool is presented as "Pooled Cash and Cash Equivalents" on the financial statements. Investments of the District's cash management pool and investments with an original maturity of three months or less at the time they are purchased by the District are presented on the financial statements as cash equivalents. Investments with an initial maturity of more than three months that were not purchased from the pool are reported as investments.

GRANVILLE EXEMPTED VILLAGE SCHOOL DISTRICT

NOTES TO THE BASIC FINANCIAL STATEMENTS FOR THE FISCAL YEAR ENDED JUNE 30, 2013

NOTE 2 – SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (Continued)

The District has a segregated bank account for the athletic account monies held separate from the District's central bank account. This checking account is presented on the financial statements as "Cash in segregated accounts" since it is not deposited into the District treasury.

The District has segregated investments for non-negotiable certificates of deposit held separate from the District's investments. These non-negotiable certificates of deposit are to be used to provide scholarships to graduating seniors. These investments are presented on the financial statements as "Investments in Segregated Accounts" since they are not deposited into the District treasury.

Investments are reported as assets. Accordingly, purchases of investments are not recorded as expenses, and sales of investments are not recorded as revenues. During the fiscal year, the District's investments were limited to State Treasury Asset Reserve of Ohio (STAR Ohio) and certificates of deposit.

Cash in segregated accounts represents the cash balance of the athletic fund checking account at June 30, 2013 of \$5,000. Investments in segregated accounts of \$17,698 represents certificates of deposit held for the Ken Marshall and Eikenberry Memorial Funds, and the Jeanne Kaufman Consolidated Math Award.

STAR Ohio is an investment pool managed by the State Treasurer's Office which allows governments within the State to pool their funds for investment purposes. STAR Ohio is not registered with the SEC as an investment company, but does operate in a manner consistent with Rule 2a7 of the Investment Company Act of 1940. Investments in STAR Ohio are valued at STAR Ohio's share price which is the price the investment could be sold for on June 30, 2013.

Following Ohio statutes, the Board of Education has, by resolution, specified the funds to receive an allocation of interest earnings. These funds include the general fund, debt service fund, permanent improvement fund, food service, public school support, district managed student activities and auxiliary services.

(e) Restricted Assets

Assets are reported as restricted when limitations on their use change the nature or normal understanding of the availability of the asset. Such constraints are either imposed by creditors, contributors, grantors, laws of other governments, or imposed by law through constitutional provisions or enabling legislation. The District had no restricted cash and cash equivalents at year-end.

(f) Inventory and Prepaid Items

Inventories are presented at the lower of cost or market on a first-in, first-out basis and are expensed when used. The District's inventory balances consist of food commodities.

Payments made to vendors for services that will benefit periods beyond fiscal year-end are recorded as prepaid items using the consumption method. A current asset for the prepaid amount is recorded at the time of purchase and an expenditure/expense is reported in the year which services are consumed.

At fiscal year-end, because inventory and prepaid items are not available to finance future governmental fund expenditures, the fund balance is reserved in the fund financial statements by an amount equal to the carrying value of the asset. The District had no significant prepaid items at year-end.

GRANVILLE EXEMPTED VILLAGE SCHOOL DISTRICT

**NOTES TO THE BASIC FINANCIAL STATEMENTS
FOR THE FISCAL YEAR ENDED JUNE 30, 2013**

NOTE 2 – SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (Continued)

(g) Capital Assets and Depreciation

Capital assets are reported in the government-wide financial statements. Capital assets are defined as assets with an initial, individual cost of more than \$5,000. As the District constructs or acquires additional capital assets each period, they are capitalized and reported at historical cost. The reported value excludes normal maintenance and repairs which are essentially amounts spent in relation to capital assets that do not increase the capacity or efficiency of the item or extend its useful life beyond the original estimate. Donated capital assets are recorded at their estimated fair market value as of the date received. The District does not possess any infrastructure.

All reported capital assets, with the exception of land and construction in progress are depreciated. Improvements are depreciated over the remaining useful lives of the related capital assets. Depreciation is computed using the straight-line method over the following useful lives:

Land Improvements	15 – 20
Buildings and Improvements	20 – 50
Furniture, Fixtures and Equipment	5 – 20
Vehicles	10 – 15

(h) Interfund Activity

Exchange transactions between funds are reported as revenues in the seller funds and as expenditure/expenses in the purchaser funds. Flows of cash or goods from one fund to another without a requirement for repayment are reported as interfund transfers. Interfund transfers are reported as other financing sources/uses in governmental funds. These transfers are eliminated from the statement of activities.

On fund financial statements, receivables and payables resulting from short-term interfund loans are classified as “interfund loans receivable/payable”, receivables and payables resulting from long-term interfund loans are classified as “loans to/from other funds”, and receivables and payables resulting from payments on-behalf of other funds are classified as “due from/to other funds”. These amounts are eliminated in the statement of net position.

(i) Accrued Liabilities and Long-Term Obligations

In general, governmental fund payables and accrued liabilities that once incurred are paid in a timely manner and in full from current financial resources, are reported as obligations of the funds. However, compensated absences and special termination benefits that will be paid from governmental funds are reported as a liability in the fund financial statements only to the extent that they are due for payment during the current year.

In the government-wide financial statements, all long-term obligations are reported as liabilities in the statement of net position. Bond premiums and discounts are deferred and amortized over the life of the bonds using the effective interest rate method. Bonds payable are reported net of the applicable bond premium or discount.

GRANVILLE EXEMPTED VILLAGE SCHOOL DISTRICT

NOTES TO THE BASIC FINANCIAL STATEMENTS FOR THE FISCAL YEAR ENDED JUNE 30, 2013

NOTE 2 – SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (Continued)

In the fund financial statements, governmental fund types recognize bond premiums and discounts, as well as bond issuance costs, during the current period. The face amount of debt issued is reported as an other financing source. Premiums received on debt issuances are reported as other financing sources while discounts on debt issuances are reported as other financing uses. Issuance costs, whether or not withheld from the actual debt proceeds received, are reported as debt service expenditures. Long-term notes paid from the governmental funds are recognized as a liability in the fund financial statements since current resources are used to finance the debt.

(j) **Compensated Absences**

Vacation benefits are accrued as a liability as the benefits are earned if the employees' right to receive compensation is attributable to services already rendered and it is probable that the District will compensate the employees for the benefits through paid time off or some other means. The District records a liability for the accumulated unused vacation time when earned for all employees with more than one year of service.

Sick leave benefits are accrued as a liability using the vesting method. The liability includes the employees who are currently eligible to receive termination benefits and those the District has identified as probable of receiving payment in the future. The amount is based on accumulated sick leave and employees' wage rates at the fiscal year end, taking into consideration any limits specified in the District's termination policy. The District records a liability for accumulated unused sick leave for all employees having 10 or more years of current service with the District.

(k) **Net Position**

Net position represent the difference between assets and deferred outflows of resources and liabilities and deferred inflows of resources. Net investment in capital assets consist of capital assets, net of accumulated depreciation, reduced by the outstanding balance of any borrowing used for the acquisition, construction or improvement of those assets. Net position is reported as restricted when there are limitations imposed on their use either through the enabling legislation or through external restrictions imposed by creditors, grantors or laws or regulations of other governments. Net position restricted for other purposes include resources restricted for auxiliary services and state and federal grants restricted for specified purposes. None of the District's reported net position at June 30, 2013 was restricted by enabling legislation.

The District applies restricted resources when an expense is incurred for purposes for which both restricted and unrestricted net position are available.

(l) **Fund Balance**

GASB Statement No. 54, *Fund Balance Reporting* became effective for years beginning after June 15, 2010. The objective of this Statement is to enhance the usefulness of fund balance information by providing clearer fund balance classifications that can be more consistently applied and by clarifying the existing governmental fund type definitions. This Statement establishes fund balance classifications that comprise a hierarchy based primarily on the extent to which a government is bound to observe constraints imposed upon the use of the resources reported in governmental funds.

GRANVILLE EXEMPTED VILLAGE SCHOOL DISTRICT

NOTES TO THE BASIC FINANCIAL STATEMENTS FOR THE FISCAL YEAR ENDED JUNE 30, 2013

NOTE 2 – SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (Continued)

In accordance with this guidance, the District classifies its fund balance based on the purpose for which the resources were received and the level of constraint placed on the resources. The District may use the following categories:

Nonspendable - resources that are not in a spendable form (inventory) or have legal or contractual requirements to maintain the balance intact (unclaimed funds).

Restricted - resources that have external purpose restraints imposed on them by providers, such as creditors, grantors, or other regulators.

Committed - resources that can be used only for specific purposes pursuant to constraints imposed by formal action (resolution) of the District's highest level of decision-making authority (Board).

Assigned - resources that are constrained by the District's intent to be used for specific purposes, but are neither restricted nor committed. This includes the residual balance of all governmental funds other than the General Fund that were not classified elsewhere above. In the General Fund, assigned amounts represent intended uses established by policies of the District Board of Education, which includes giving the Treasurer the authority to constrain monies for intended purposes.

Unassigned - residual fund balance within the General Fund not classified elsewhere above and all other governmental fund balances which have a negative fund balance.

The District applies restricted resources first when an expense is incurred for purposes which both restricted and unrestricted fund balance/net position is available. The District considers committed, assigned and unassigned fund balances, respectively, to be spent when expenditures are incurred for purposes for which any of the unrestricted fund balance classifications could be used.

(m) Extraordinary and Special Items

Extraordinary items are transactions or events that are both unusual in nature and infrequent in occurrence. Special items are transactions or events that are within the control of the Board of Education and that are either unusual in nature or infrequent in occurrence. Neither type of transaction occurred during the fiscal year.

(n) Bond Premium and Discount/Accounting Gain or Loss

On government-wide statements, bond premiums are deferred and accreted over the term of the bonds. Bond premiums are presented as an addition to the face amount of the bonds.

For bond refundings resulting in the defeasance of debt reported in the government-wide financial statements, the difference between the reacquisition price and the net carrying amount of the old debt is deferred and amortized as a component of interest expense. The accounting gain or loss is amortized over the remaining life of the old debt or the life of the new debt, whichever is shorter, and is presented as an addition to or reduction of the face amount of the new debt.

On the governmental fund financial statements, bond premiums are recognized in the current period.

GRANVILLE EXEMPTED VILLAGE SCHOOL DISTRICT

NOTES TO THE BASIC FINANCIAL STATEMENTS
FOR THE FISCAL YEAR ENDED JUNE 30, 2013

NOTE 2 – SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (Continued)

(o) Management Estimates

The preparation of financial statements in conformity with accounting principles generally accepted in the United States requires management to make estimates and assumptions that affect the reported amounts of assets and liabilities at the date of the financial statements and the reported amounts of revenues and expenditures/expenses during the reported period. Actual results could differ from those estimates.

NOTE 3 – BUDGETARY BASIS OF ACCOUNTING

While the District is reporting financial position, results of operations, and changes in fund balances on the basis of accounting principles generally accepted in the United States of America (GAAP), the budgetary basis, as provided by law, is based upon accounting for certain transactions on a basis of cash receipts, disbursements, and encumbrances. The Statement of Revenues, Expenditures, and Changes in Fund Balances - Budget and Actual (Non-GAAP Basis) – General Fund is presented on the budgetary basis to provide a meaningful comparison of actual results with the budget. The major differences between the budget basis and GAAP basis are as follows:

1. Revenues are recorded when received in cash (budget basis) as opposed to when susceptible to accrual (GAAP basis).
2. Expenditures are recorded when paid in cash (budget basis) as opposed to when the liability is incurred (GAAP basis).
3. Encumbrances are treated as expenditures (budget basis) rather than as a reservation of fund balance (GAAP basis).

The following table summarizes the adjustments necessary to reconcile the GAAP basis statements to the budgetary basis statements for the General Fund.

<u>Net Change in Fund Balance</u>	
GAAP Basis	\$ 477,573
Revenues	(619,437)
Expenditures	(258,128)
Public School Support Fund	(6,811)
Encumbrances	(223,959)
Budgetary Basis	<u><u>\$ (630,762)</u></u>

With the implementation of GASB Statement No. 54, *Fund Balance Reporting*, the District's Public School Support Fund, no longer meets the special revenue fund type criteria for reporting in the fiscal year-end external financial statements. As such, this fund is presented as part of the District's General Fund in the year-end financial statements. The budgetary comparison information in the fiscal year-end financial statements is the legally adopted budget for the general fund, without modification for the funds no longer meeting the special revenue criteria.

GRANVILLE EXEMPTED VILLAGE SCHOOL DISTRICT

NOTES TO THE BASIC FINANCIAL STATEMENTS FOR THE FISCAL YEAR ENDED JUNE 30, 2013

NOTE 4 – DEPOSITS AND INVESTMENTS

Monies held by the District are classified by State statute into three categories.

Active monies are public monies determined to be necessary to meet current demands upon the District treasury. Active monies must be maintained either as cash in the District treasury, in commercial accounts payable or withdrawable on demand, including negotiable order of withdrawal (NOW) accounts, or in money market deposit accounts.

Inactive deposits are public deposits that the Board has identified as not required for use within the current five year period of designation of depositories. Inactive deposits must either be evidenced by certificates of deposit maturing not later than the end of the current period of designation of depositories, or by savings or deposit accounts including, but not limited to, passbook accounts.

Interim deposits are deposits of interim monies. Interim monies are those monies which are not needed for immediate use but which will be needed before the end of the current period of designation of depositories. Interim deposits must be evidenced by time certificates of deposit maturing not more than one year from the date of deposit or by savings or deposit accounts, including passbook accounts.

Interim monies held by the District can be deposited or invested in the following securities:

1. United States Treasury bills, bonds, notes, or any other obligation or security issued by the United States Treasury, or any other obligation guaranteed as to principal and interest by the United States;
2. Bonds, notes, debentures, or any other obligation or security issued by any federal government agency or instrumentality including, but not limited to, the Federal National Mortgage Association, Federal Home Loan Bank, Federal Farm Credit Bank, Federal Home Loan Mortgage Corporation, Government National Mortgage Association and Student Loan Marketing Association. All federal agency securities shall be direct issuances of federal government agencies or instrumentalities;
3. Written repurchase agreements in the securities listed above provided the market value of the securities subject to the repurchase agreement must exceed the principal value of the agreement by at least 2 percent and be marked to market daily, and the term of the agreement must not exceed thirty days;
4. Bonds and other obligations of the State of Ohio or Ohio local governments;
5. Time certificates of deposit or savings or deposit accounts including, but not limited to, passbook accounts;
6. No-load money market mutual funds consisting exclusively of obligations described in division (1) or (2) and repurchase agreements secured by such obligations, provided that investments in securities described in this division are made only through eligible institutions;
7. The State Treasurer's investment pool (STAR Ohio);
8. Commercial paper and bankers acceptances if training requirements have been met.

Investments in stripped principal or interest obligations, reverse repurchase agreements, and derivatives are prohibited. The issuance of taxable notes for the purpose of arbitrage, the use of leverage, and short selling are also prohibited. An investment must mature within five years from the date of purchase, unless matched to a specific obligation or debt of the District, and must be purchased with the expectation that it will be held to maturity. Investments may only be made through specified dealers and institutions.

NOTE 4 – DEPOSITS AND INVESTMENTS (Continued)

Deposits

Custodial Credit Risk - In the case of deposits, this is the risk that, in the event of a bank failure, the District’s deposits may not be returned. All deposits are collateralized with eligible securities in amounts equal to at least 105% of the carrying value of the deposits. Such collateral, as permitted by the Ohio Revised Code, is held in single financial institution collateral pools at Federal Reserve Banks, or at member banks of the federal reserve system, in the name of the respective depository bank and pledged as a pool of collateral against all of the public deposits it holds or as specific collateral held at the Federal Reserve Bank in the name of the District.

At fiscal year-end, the carrying amount of the District’s deposits was \$5,128,451 and the bank balance was \$5,218,756. Of the District’s bank balance, \$3,651,681 was covered by the Federal Deposit Insurance Corporation (FDIC) and the remaining balance was exposed to custodial risk. Although all statutory requirements for the deposit of money had been followed, noncompliance with federal requirements could potentially subject the District to a successful claim by the FDIC.

The District has no deposit policy for custodial credit risk beyond the requirements of State statute. Ohio law requires that deposits be either insured or be protected by eligible securities pledged to and deposited either with the District or a qualified trustee by the financial institution as security for repayment, or by a collateral pool of eligible securities deposited with a qualified trustee and pledged to secure the repayment of all public monies deposited in the financial institution whose market value at all times shall be at least one hundred five percent of the deposits being secured.

Investments

At fiscal year end, the District’s had the following investments:

Investment Type	Fair Value	Percent of Total	Investment Maturities	
			Within 1 Year	1 to 2 Years
STAR Ohio	3,309	100.00%	3,309	-
Total	\$ 3,309	100%	\$ 3,309	\$ -

Interest Rate Risk - The District’s investment policy addresses interest rate risk to the extent that it allows the Treasurer to invest funds to a maximum maturity of five years. The Treasurer cannot make investments which he/she does not reasonably believe can be held until the maturity date. State statute requires that an investment matures within five years from the date of purchase, unless matched to a specific obligation or debt of the District, and that an investment must be purchased with the expectation that it will be held to maturity. The stated intent of the policy is to avoid the need to sell securities prior to maturity.

Credit Risk - STAR Ohio carries a rating of AAAM by Standard and Poor’s. Ohio law requires that STAR Ohio maintain the highest rating provided by at least one nationally recognized standard rating service. The District has no investment policy that addresses credit risk.

Concentration of Credit Risk - The District places no limit on the amount it may invest in any one issuer. The District’s investment percentages are noted in the table above.

NOTE 5 – PROPERTY TAXES

Property taxes are levied and assessed on a calendar year basis while the District’s fiscal year runs from July through June. First half tax collections are received by the District in the second half of the fiscal year. Second half tax distributions occur in the first half of the following fiscal year.

Property taxes include amounts levied against all real and public utility located in the school district. Real property tax revenue received in calendar year 2013 represents collections of calendar year 2012 taxes. Real property taxes received in calendar year 2013 were levied after April 1, 2012, on the assessed value listed as of January 1, 2012, the lien date. Assessed values for real property taxes are established by State law at thirty-five percent of appraised market value. Real property taxes are payable annually or semi-annually. If paid annually, payment is due December 31; if paid semiannually, the first payment is due December 31 with the remainder payable by June 20. Under certain circumstances, State statute permits alternate payment dates to be established.

Public utility property tax revenue received in calendar 2013 represents collections of calendar year 2012 taxes. Public utility real and tangible personal property taxes received in calendar year 2013 became a lien December 31, 2011, were levied after April 1, 2012 and are collected in 2013 with real property taxes. Public utility real property is assessed at thirty-five percent of true value; public utility tangible personal property is currently assessed at varying percentages of true value.

The District receives its property taxes from Licking County. The County Auditor periodically advances to the District its portion of taxes collected. Second-half real property tax payments collected by the County by June 30, 2013, are available to finance fiscal year 2013 operations. The amount available to be advanced can vary based on the date the tax bills are sent.

Accrued property taxes receivable includes real property and public utility property which are measurable as of June 30, 2013 and for which there is an enforceable legal claim. Although total property tax collections for the next fiscal year are measurable, only the amount of real property taxes available as an advance at June 30 was levied to finance current fiscal year operations and is reported as revenue at fiscal year-end. The portion of the receivable not levied to finance current fiscal year operations is offset by a credit to deferred inflows of resources.

On the government-wide financial statements, collectible delinquent property taxes have been recorded as a receivable and revenue, while on fund financial statements the revenue has been reported as a deferred inflow of resources.

The assessed values upon which the fiscal year 2013 taxes were collected are:

NOTE 7 - LONG-TERM OBLIGATIONS (Continued)

General Obligation Bonds

School Improvement General Obligation Refunding Bonds - On October 15, 1993, the District issued \$7,536,838 in School Improvement General Obligation Refunding Bonds with interest rates varying from 2.6 percent to 4.65 percent to advance refund \$7,540,000 of outstanding 1990 school improvement bonds with an average interest rate of 10 percent. The proceeds of the refunding were deposited in an irrevocable trust with Park National Bank to provide for all future debt service payments. As a result, the 1990 Series bonds are considered to be defeased and the liability for those bonds has been removed from the financial statements. The 1990 School Improvement Bonds matured on December 2, 2002.

The total principal and interest requirements to retire the 1994 School Improvement General Obligation Refunding Bonds are as follows:

Fiscal Year Ending June 30,	Principal	Interest
2014	88,378	556,622
2015	79,779	550,273
2016	70,021	539,978
Total	<u>\$238,178</u>	<u>\$1,646,873</u>

The District issued School Improvement Bond Anticipation Notes at 4.87 percent for \$21,220,000 on May 3, 2001, as a result of the District passing a 7.75 mill levy on November 7, 2000. The purpose of the notes was to build a new intermediate/elementary building for grades 4-6, an expansion of the high school, a new maintenance building, renovation of the elementary school and middle school, and to update building technology. The School Improvement Bond Anticipation Notes matured on December 6, 2001. On October 4, 2001 the District issued \$21,209,782 in General Obligation School Improvement bonds to pay off the bond anticipation notes. The District received \$22,053,938 in bond proceeds, which included a \$835,218 premium and \$8,938 in accrued interest. The \$21,209,782 bond issue included serial, term, and capital appreciation bonds in the amount of \$2,495,000, \$18,685,000, and \$29,782 respectively. The capital appreciation bonds will mature December 1, 2012 through 2016.

These bonds were purchased at a discount at the time of issuance and, at maturity all compound interest is paid and the bond holder collects the face value. However, since interest is technically earned and compounded semi-annually, the value of the bond increases. The maturity amount of the bonds is \$2,175,000. The fiscal year 2013 accretion amount is \$302,162.

During fiscal year 2007, the District advance refunded \$18,685,000 of the term bonds. The advance refunded portion of the bonds was removed from the financial statements of the District. The remaining outstanding bonds are being retired from the Debt Service Fund. The original bonds were issued for a twenty seven year period with final maturity at December 1, 2028, and after the advance refunding has a final maturity at December 1, 2016.

NOTE 7 - LONG-TERM OBLIGATIONS (Continued)

The total principal and interest requirements to retire the 2002 School Improvement General Obligation Bonds are as follows:

Fiscal Year Ending June 30,	Principal	Interest
2014	\$ 6,435	\$ 308,565
2015	6,159	408,841
2016	5,547	509,453
2017	5,591	709,409
Total	<u>\$ 23,732</u>	<u>\$ 1,936,268</u>

On April 15, 2004, the District issued \$9,870,000 in General Obligation School Improvement Bonds to pay off outstanding 2003 bond anticipation notes. The District received \$10,318,130 in bond proceeds, which included \$16,078 in accrued interest and \$432,052 in premiums. The \$9,870,000 bond issue consists of serial, term, and capital appreciation bonds in the amount of \$6,855,000, \$2,950,000, and \$65,000 respectively. Issuance costs associated with the bond issue were \$207,507.

The capital appreciation bonds will mature December 1, 2012 through 2014. These bonds were purchased at a discount at the time of issuance and, at maturity all compound interest is paid and the bond holder collects the face value. However, since interest is technically earned and compounded semi-annually, the value of the bond increases. Therefore, as the value increases, the accretion is booked as principal. The maturity amount of the bonds is \$735,000. The fiscal year 2013 accretion amount is \$87,624.

During fiscal year 2007, the District advance refunded \$4,010,000 of the serial bonds, and \$2,950,000 of the term bonds. The advance refunded portion of the bonds, as well as the unamortized premium and issuance costs of these advance refunded bonds were removed from the financial statements of the District. The remaining outstanding bonds are being retired from the Debt Service Fund. The serial and term bonds were originally sold at a premium of \$432,052, of which \$110,318 remained outstanding after the refunding. The premium will be amortized over the life of the bonds. Issuance costs associated with the bond issue were \$207,507. The original bonds were issued for a twenty-four year period with final maturity at December 1, 2028, and after the advance refunding has a final maturity at December 1, 2019.

On April 6, 2005, the District issued \$5,175,000 in General Obligation Library Improvement Bonds to pay off outstanding 2005 bond anticipation notes, on behalf of the Granville Public Library. The District received \$5,357,024 in bond proceeds, which included \$182,024 in premium. The \$5,175,000 bond issue consists of serial and term bonds in the amount of \$1,050,000 and \$4,125,000 respectively. Issuance costs associated with the bond issue were \$128,124.

During fiscal year 2007, the District advance refunded \$3,820,000 of the term bonds. The advance refunded portion of the bonds, as well as the unamortized premium and issuance costs of these advance refunded bonds were removed from the financial statements of the District. The remaining outstanding bonds are being retired from the Debt Service Fund. The serial and term bonds were originally sold at a premium of \$182,024, of which \$7,046 remained outstanding after the refunding. The premium will be amortized over the life of the bonds. Issuance costs associated with the bond issue were \$128,124. The original bonds were issued for a twenty-six year period with final maturity at December 1, 2031, and after the advance refunding has a final maturity at December 1, 2015.

The term bonds maturing on December 1, 2015 are subject to mandatory sinking fund redemption at a redemption price of 100% of the principal amount to be redeemed, plus accrued interest to the date of redemption, on December 1 in the years and in the respective principal amounts as follows:

2014	145,000	15,100
2015	150,000	9,200
2016	155,000	3,100
Total	<u>\$450,000</u>	<u>\$27,400</u>

On January 30, 2007, the District issued \$29,464,972 of Advance Refunding General Obligation Bonds that were issued to partially refund the 2002 School Improvement Bonds, the 2004 School Improvement Bonds, and the 2005 Library Improvement Bonds. The \$29,464,972 bond issue consists of serial, term, and capital appreciation bonds in the amount of \$12,730,000, \$16,460,000, and \$274,972. The bonds were issued for a twenty-four year period with a final maturity at December 1, 2031. At the date of refunding, \$30,608,490 was deposited in an irrevocable trust to provide for all future debt service payments on the refunded 2002 School improvement Bonds, the 2004 School Improvement Bonds, and the 2005 Library Improvement Bonds. The balance of the outstanding bonds refunded was removed from the District's financial statements, and as of June 30, 2012, the refunded bonds have been paid in full. The advance refunding serial and capital appreciation bonds were issued with a premium in the amount of \$371,698 and \$1,437,243 respectively, which will be reported as an increase to bonds payable. The advance refunding term bonds were issued with a discount of \$306,814 which will be reported as a decrease to bonds payable. These amounts are being amortized to interest expense over the life of the bonds using the straight-line method. The amortization of the premium and discount for fiscal year 2012 was \$146,218 and \$12,273. Issuance costs associated with the bond issue in the amount of \$358,608. The refunding resulted in a difference between the net carrying amount of the debt and the acquisition price of \$925,082. This difference, reported in the accompanying financial statements as a decrease to bonds payable is being amortized to interest expense over the life of the bonds using the straight-line method. The amortization of this difference for fiscal year 2013 was \$37,003. The issuance resulted in a difference (savings) between the cash flows required to service the old debt and the cash flows required to service the new debt of \$1,971,224. The issuance resulted in an economic gain of \$1,097,604.

The capital appreciation bonds will mature December 1, 2016 and December 1, 2017. These bonds were purchased at a premium at the time of issuance and, at maturity all compound interest is paid and the bond holder collects the face value. However, since interest is technically earned and compounded semi-annually, the value of the bond increases. Therefore, as the value increases, the accretion is booked as principal. The maturity amount of the bonds is \$2,660,000. The fiscal year 2013 accretion amount is \$306,431.

The serial and term bonds maturing after December 1, 2015 are subject to redemption at the option of the District, either in whole or in part, in such order as the District shall determine, on any date on or after December 1, 2015, at a redemption price equal to 100% of the principal amount redeemed plus, in each case, accrued interest to the date fixed for redemption.

Energy Conservation Notes

On June 12, 2008, the District issued \$2,000,000 in unvoted Energy Conservation Notes, under the authority of Ohio Revised Code sections 133.06(G) and 3313.46(B). The Energy Conservation Notes were issued for the purpose of purchasing and installing energy conservation measures. These energy conservation measures include roofing and HVAC improvements. The energy conservation notes mature June 12, 2018. The debt will be retired through reductions in energy consumption and cost savings attributed to the installation of the energy conservation improvements.

NOTE 7 – LONG-TERM OBLIGATIONS (Continued)

The total principal and interest requirements to retire the 2008 Energy Conservation Notes are as follows:

Fiscal Year Ending June 30,	Principal	Interest
2014	\$ 202,472	\$ 37,268
2015	209,431	30,309
2016	216,566	23,174
2017	224,073	15,667
2018	231,774	7,966
Total	<u>\$ 1,084,316</u>	<u>\$ 114,384</u>

Compensated absences will be paid from the General Fund.

The District's overall legal debt margin at June 30, 2013, was \$38,182,462, with an unvoted debt margin of \$424,250. The District was approved as a special needs district by the Ohio Department of Education. This approval was granted based on projected tax valuation growth figures submitted by the District to the Ohio Department of Education which is used to calculate the legal debt margin.

NOTE 8 – RECEIVABLES

Receivables at year-end consisted of property taxes, payments in lieu of taxes, intergovernmental and accounts. All receivables are considered collectible in full due to the ability to foreclose for the nonpayment of property taxes and payments in lieu of taxes, the stable condition of State programs, and the current year guarantee of federal funds. All receivables except property taxes are expected to be received within one year. Property taxes, although ultimately collectible, include some portion of delinquencies that will not be collected within one year.

NOTE 9 – DEFINED BENEFIT PENSION PLAN

(a) School Employees Retirement System

Plan Description - The District contributes to the School Employees Retirement System of Ohio (SERS), a cost-sharing multiple employer defined benefit pension plan. SERS provides retirement and disability benefits, annual cost-of-living adjustments, and death benefits to plan members and beneficiaries. Authority to establish and amend benefits is provided by state statute per Chapter 3309 of the Ohio Revised Code. The School Employees Retirement System issues a publicly available, stand-alone financial report that includes financial statements and required supplementary information. That report may be obtained by writing to SERS, 300 East Broad St., Suite 100, Columbus, Ohio 43215-3746 or by calling (800) 878-5853. It is also posted on SERS' website at www.ohsers.org under Employer/Audit Resources.

Funding Policy - Plan members are required to contribute 10 percent of their annual covered salary and the District is required to contribute 14 percent of annual covered payroll. The contribution requirements of plan members and employers are established and may be amended, up to a statutory maximum amounts, by the SERS' Retirement Board. The Retirement Board acting with the advice of the actuary, allocates the employer contribution rate among the four funds (Pension Trust Fund, Death Benefit Fund, Medicare B Fund, and Health Care Fund) of the System. For fiscal year ending June 30, 2013, the allocation to pension and death benefits is 13.1 percent. The remaining .90% of the 14% employer contribution rate is allocated to the Health Care and Medicare B Funds. The District's contributions for pension obligations to SERS for the fiscal years ended June 30, 2013, 2012, and 2011, were \$415,592, \$410,152, and \$366,204, respectively. The amount contributed for fiscal year 2013 was 66 percent and 100 percent was contributed for fiscal years 2012 and 2011. The District's unpaid contribution for fiscal year 2013, including the surcharge, totaling \$178,226, has been recorded as a liability in the appropriate funds.

(b) State Teachers Retirement System

Plan Description - The District contributes to the State Teachers Retirement System of Ohio (STRS), a cost-sharing multiple employer public employee retirement system. STRS Ohio is a statewide retirement plan for licensed teachers and other faculty members employed in the public schools of Ohio or any school, college, university, institution or other agency controlled, managed and supported, in whole or in part, by the state or any political subdivision thereof. STRS Ohio issues a stand-alone financial report that may be obtained by writing to STRS Ohio, 275 E. Broad St., Columbus, OH 43215-3371, by calling (888) 227-7877, or by visiting the STRS Ohio web site at www.strsoh.org.

Plan Description – New members have a choice of three retirement plan options, a Defined Benefit (DB) Plan, Defined Contribution (DC) Plan and a Combined Plan. The DB plan offers an annual retirement allowance based on final average salary times a percentage that varies based on years of service, or an allowance based on a member's lifetime contributions and earned interest matched by STRS Ohio funds divided by an actuarially determined annuity factor. The DC Plan allows members to place all their member contributions and employer contributions equal to 10.5 percent of earned compensation into an investment account. Investment decisions are made by the member. A member is eligible to receive a retirement benefit at age 50 and termination of employment. The member may elect to receive a lifetime monthly annuity or lump sum withdrawal. The Combined Plan offers features of the DC Plan and the DB Plan. In the Combined Plan, member contributions are invested by the member, and employer contributions are used to fund the defined benefit payment at a reduced level from the regular DB Plan.

GRANVILLE EXEMPTED VILLAGE SCHOOL DISTRICT

NOTES TO THE BASIC FINANCIAL STATEMENTS FOR THE FISCAL YEAR ENDED JUNE 30, 2013

NOTE 9 – DEFINED BENEFIT PENSION PLAN (Continued)

The DB portion of the Combined Plan payment is payable to a member on or after age 60; the DC portion of the account may be taken as a lump sum or converted to a lifetime monthly annuity at age 50. Benefits are established by Chapter 3307 of the Ohio Revised Code.

A DB or Combined Plan member with five or more years credited service who becomes disabled may qualify for a disability benefit. Eligible spouses and dependents of these active members who die before retirement may qualify for survivor benefits. Members in the DC Plan who become disabled are entitled only to their account balance. If a member of the DC Plan dies before retirement benefits begin, the member's designated beneficiary is entitled to receive the member's account balance.

Funding Policy – For fiscal year 2013, plan members were required to contribute 10 percent of annual covered salaries. The District was required to contribute 14 percent; 13 percent was the portion used to fund pension obligations. Contribution rates are established by the State Teachers Retirement Board, upon recommendations of its consulting actuary, not to exceed statutory maximum rates of 10 percent for members and 14 percent for employers. Chapter 3307 of the Ohio Revised Code provides statutory authority for member and employer contributions.

The District's required contributions for pension obligations to the DB Plan for the fiscal years ended June 30, 2013, 2012, and 2011 were \$1,509,278, \$1,648,162, and \$1,612,806 respectively; 85 percent has been contributed for fiscal year 2013 and 100 percent for fiscal years 2012 and 2011. The District's unpaid contribution for fiscal year 2013, totaling \$247,212, has been recorded as a liability in the appropriate funds.

(c) Social Security System

Effective July 1, 1991, all employees not otherwise covered by School Employees Retirement System or State Teachers Retirement System have an option to choose Social Security. As of June 30, 2013, no members of the Board of Education have elected Social Security. The District's liability is 6.2 percent of wages paid.

NOTE 10 – POSTEMPLOYMENT BENEFITS

(a) School Employees Retirement System

Postemployment Benefits – In addition to a cost-sharing multiple-employer defined benefit pension plan the School Employees Retirement System of Ohio (SERS) administers two cost-sharing, multiple employer postemployment benefit plans.

Medicare Part B Plan – The Medicare B plan reimburses Medicare Part B premiums paid by eligible retirees and beneficiaries as set forth in Ohio Revised Code (ORC) 3309.69. Qualified benefit recipients who pay Medicare Part B premiums may apply for and receive a monthly reimbursement from SERS. The reimbursement amount is limited by statute to the lesser of the January 1, 1999 Medicare Part B premium or the current premium. The Medicare Part B premium for calendar year 2013 was \$104.90 for most participants, but could be as high as \$335.70 per month depending on their age.

GRANVILLE EXEMPTED VILLAGE SCHOOL DISTRICT

NOTE 10 – POSTEMPLOYMENT BENEFITS (Continued)

SERS' reimbursement to retirees was \$45.50. The Retirement Board, acting with the advice of the actuary, allocates a portion of the current employer contribution rate to the Medicare B Fund. For fiscal year 2013, the actuarially required allocation is .74%. The District's contributions for the years ended June 30, 2013, 2012 and 2011 were \$23,476, \$24,222, and \$23,566, respectively, 66 percent has been contributed for fiscal year 2012 and 100 percent for fiscal years 2012 and 2011.

Health Care Plan – ORC 3309.375 and 3309.69 permit SERS to offer health care benefits to eligible retirees and beneficiaries. SERS' Retirement Board reserves the right to change or discontinue any health plan or program. SERS offers several types of health plans from various vendors, including HMOs, PPOs, Medicare Advantage and traditional indemnity plans. A prescription drug program is also available to those who elect health coverage. SERS employs two third-party administrators and a pharmacy benefit manager to manage the self-insurance and prescription drug plans, respectively.

The ORC provides the statutory authority to fund SERS' postemployment benefits through employer contributions. Active members do not make contributions to the postemployment benefit plans.

The Health Care Fund was established under, and is administered in accordance with Internal Revenue Code 105(e). Each year after the allocation for statutorily required benefits, the Retirement Board allocates the remainder of the employer 14% contribution to the Health Care Fund. For the year ended June 30, 2013, the health care allocation is .16%. An additional health care surcharge on employers is collected for employees earning less than an actuarially determined minimum compensation amount, pro-rated according to service credit earned. Statutes provide that no employer shall pay a health care surcharge greater than 2% of that employer's SERS-covered payroll; nor may SERS collect in aggregate more than 1.5% of the total statewide SERS-covered payroll for the health care surcharge. For fiscal year 2013, the minimum compensation level was established at \$20,525. The surcharge, added to the unallocated portion of the 14% employer contribution rate is the total amount assigned to the Health Care Fund. The District's contributions assigned to health care for the years ended June 30, 2013, 2012, and 2011 were \$87,981, \$56,536, and \$71,804, respectively, 66 percent has been contributed for fiscal year 2013 and 100 percent for fiscal years 2012 and 2011.

The SERS Retirement Board establishes the rules for the premiums paid by the retirees for health care coverage for themselves and their dependents or for their surviving beneficiaries. Premiums vary depending on the plan selected, qualified years of service, Medicare eligibility, and retirement status. The financial reports of SERS' Health Care and Medicare B plans are included in its *Comprehensive Annual Financial Report*. The report can be obtained by contacting SERS, 300 East Broad Street, Suite 100, Columbus, Ohio 43215-3746 or by calling toll free (800) 878-5853. It is also posted on SERS' website at www.ohsers.org under Employers/Audit Resources.

(b) State Teachers Retirement System

Plan Description - The District contributes to the cost-sharing, multiple employer postemployment benefit Health Plan (the "Plan") administered by the State Teachers Retirement System of Ohio (STRS Ohio) for eligible retirees who participated in the defined benefit or combined pension plans offered by STRS Ohio. Benefits include hospitalization, physicians' fees, prescription drugs and reimbursement of monthly Medicare Part B premiums. The Plan is included in the report of STRS Ohio which may be obtained by writing 275 E. Broad St., Columbus, OH 43215-3371, by calling (888) 227-7877, or by visiting the STRS Ohio web site at www.strsoh.org.

NOTE 10 – POSTEMPLOYMENT BENEFITS (Continued)

Funding Policy – Ohio law authorizes STRS Ohio to offer the Plan and gives the Retirement Board authority over how much, if any, of the health care costs will be absorbed by STRS Ohio. Active employee members do not contribute to the Plan. All benefit recipients pay a monthly premium. Under Ohio law, funding for post-employment health care may be deducted from employer contributions. For 2013, STRS Ohio allocated employer contributions equal to 1 percent of covered payroll to the Health Care Stabilization Fund. The District's contributions for health care for the fiscal years ended June 30, 2013, 2012, and 2011 were \$116,098, \$126,782, and \$124,062, respectively; 85 percent has been contributed for fiscal year 2013 and 100 percent for fiscal years 2012 and 2011.

NOTE 11 – EMPLOYEE BENEFITS

(a) Compensated Absences

The criteria for determining vacation and sick leave benefits are derived from negotiated agreements and State laws. Classified employees earn ten to twenty days of vacation per fiscal year, depending upon length of service. Accumulated vacation time may be carried forward for the Treasurer and upon approval of the Superintendent, for all other classified employees. Accumulated, unused vacation time is paid to classified employees and administrators upon termination of employment. Teachers do not earn vacation time.

Teachers, administrators, and classified employees can earn sick leave at the rate of one and one-fourth days per month. Sick leave may be accumulated up to a maximum of 210 days for all personnel. Upon retirement, payment is made for one-third of accrued, but unused sick leave credit to a maximum of 50 days for classified and certified employees.

(b) Health Care Benefits

The District provides health, drug, and dental insurance for all eligible employees through Anthem Blue Cross and Blue Shield of Ohio. The District pays medical and drug monthly premiums for staff (family and single coverage). The District pays the total monthly premium for dental insurance coverage for family and single employees. The District also provides vision insurance to its employees through Vision Plus America, Incorporated. The District pays the total premium for vision coverage for family and single.

The District provides life insurance and accidental death and dismemberment insurance to most employees through the Metropolitan Educational; Council Group Life Insurance. Premiums are paid from the same funds that pay the employees' salaries.

NOTE 12 – RISK MANAGEMENT

The District is exposed to various risks of loss related to torts; theft of, damage to, and destruction of assets; errors and omissions; injuries to employees; and natural disasters. During the fiscal year, the District contracted with Ohio Casualty for property, boiler and machinery, inland marine, crime insurance, general liability insurance, and fleet insurance. Coverage provided by is as follows:

Building and Contents-Replacement Cost (\$2,500 deductible)	\$54,097,639
Inland Marine (\$1,000 deductible)	
Property	1,000,000
Crime Insurance (\$1,000 deductible)	
Money & Securities	500,000
Employee Dishonesty	500,000
Forgery or Alteration	500,000
General Liability	
Per Occurrence	1,000,000
Aggregate Per Year	3,000,000
Education Umbrella Liability Policy for General Liability	
Per Occurrence	1,000,000
Aggregate Per Year	3,000,000
Fleet Insurance (\$1,000 deductible)	1,000,000
Per Occurrence	1,000,000

Settled claims have not exceeded this commercial coverage in any of the past three years. There have been no significant reductions in insurance coverage from the last year.

In fiscal year 2013, the District participated in the Metropolitan Educational Council (MEC), an insurance purchasing pool (Note 14). MEC helps member school districts receive discounted rates on various items such as their life, property, boiler and machinery, inland marine, crime, and freight insurance, services, supplies, and other items. The MEC has over 170 members which include school districts, joint vocational schools, educational service centers and libraries covering 37 counties in Central Ohio. The governing board of MEC is composed of either the superintendent, a designated representative, or a member of the board of education for each participating school district in Franklin County, and one representative from each county outside Franklin County.

For fiscal year 2013, the District participated in the Ohio School Boards Association Workers' Compensation Group Rating Plan (GRP), an insurance purchasing pool (Note 14). The intent of the GRP is to achieve the benefit of a reduced premium for the District by virtue of its grouping and representation with other participants in the GRP. The workers' compensation experience of the participating school districts is calculated as one experience and a common premium rate is applied to all school districts in the GRP. Each participant pays its workers' compensation premium to the State board on the rate for the GRP rather than its individual rate. Participation in the GRP is limited to school districts that can meet the GRP's selection criteria.

NOTE 13 – JOINTLY GOVERNED ORGANIZATIONS

(a) Licking Area Computer Association

The District is a participant in the Licking Area Computer Association (LACA) which is a computer consortium. LACA is an association which services fourteen entities within the boundaries of Licking, Knox, and Muskingum Counties. These entities consist of public school districts, private schools, and educational service centers. The organization was formed for the purpose of applying modern technology with the aid of computers and other electronic equipment to administrative and instructional functions among member school districts. The governing board of LACA consists of the superintendents from all participating districts. The continued existence of LACA is not dependent on the District's continued participation and the District has no equity interest in the Association. The LACA constitution states that any school district withdrawing from the Association prior to dissolution forfeits their claim to the Association's capital assets. The District's total payments to LACA for computer services during fiscal year 2013 were \$122,428. Financial statements for LACA can be obtained from their fiscal agent the Career and Technology Education Centers of Licking County, 150 Price Road, Newark, OH 43055.

(b) Career and Technology Education Centers of Licking County

The Career and Technology Education Centers of Licking County is a jointly governed organization providing vocational education to its member school districts. The Career and Technology Education Centers of Licking County is a distinct political subdivision of the State of Ohio operated under the direction of a Board consisting of three representatives from the Licking County Educational Service Center, two from the Newark City School District, one from the Heath City School District, and one from the Granville Exempted Village School District, which possesses its own budgeting and taxing authority. During 2013, the District made no contributions to the Career and Technology Education Centers of Licking County. To obtain financial information write to the Career and Technology Education Centers of Licking County, Ben Streby, who serves as Treasurer, at 150 Price Road, Newark, Ohio 43055.

(c) Metropolitan Educational Council

The District participates in the Metropolitan Educational Council (MEC), a jointly governed organization. The organization is composed of over 170 members which includes school districts, joint vocational schools, educational service centers, and libraries covering 37 counties in Central Ohio. (d) School Study Council of Ohio

The School Study Council of Ohio (Council) is a jointly governed organization operated by a Board of Trustees (Board). The Council is comprised of 70 member organizations. The purpose of the Council is to bring about the improvement of education in member school organizations. School districts maintain active membership by paying a yearly membership fee which entitles each school district to attend Council meetings and to vote.

School districts that elect to be associate members are entitled to attend meetings and participate in Council discussions but are not entitled to vote. The Board is annually elected from within the Council's active membership. In fiscal year 2013, the Board consisted of twenty-one members. Financial information may be obtained by contacting the School Study Council of Ohio at 4807 Evanswood Drive, Suite 300, Columbus, Ohio 43229.

(e) Newark-Granville Community Authority

The Newark-Granville Community Authority (Authority) is a jointly governed organization created under Section 349.03, Ohio Revised Code. The Authority was created for the purposes of encouraging the orderly development of a well-planned, diversified and economically sound new community in central Licking County. The Authority is operated by a Board of Trustees (Board) that is comprised of three Park Trails community members appointed by the Board of County Commissioners of Licking County, Ohio; one local government representative, appointed by the Board of County Commissioners of Licking County, Ohio; and three representatives of the Granville Exempted Village School District. The revenue source of this organization consists of special assessments imposed by Licking County on Park Trails Community. The special assessment is based on a \$250,000 average home value within the community, which results in a minimum annual community development charge of \$455 per home for 20 consecutive years.

NOTE 14 – INSURANCE PURCHASING POOLS

(a) Ohio School Boards Association Workers' Compensation Group Rating Plan

The District participates in the Ohio School Boards Association (OSBA) Workers' Compensation Group Rating Program (GRP), an insurance purchasing pool. The intent of the GRP is to achieve the benefit of a reduced premium for the District by virtue of its grouping and representation with other participants in the GRP. The workers' compensation experience of the participating school districts is calculated as one experience and a common premium rate is applied to all school districts in the GRP. Each participant pays its workers' compensation premium to the State, based on the rate for the GRP rather than its individual rate. Total savings are then calculated and each participant's individual performance is compared to the overall savings percentage of the GRP. A participant will then either receive money from or be required to contribute to the "Equity Pooling Fund". This "equity pooling" arrangement insures that each participant shares equally in the overall performance of the GRP. Participation in the GRP is limited to school districts that can meet the GRP's selection criteria. The firm of Sheakley, Inc. provides administrative, cost control and actuarial services to the GRP. The GRP's business and affairs are conducted by a three member Board of directors consisting of the President, the President-Elect and the Immediate Past President of the OSBA. The Executive Director of the OSBA, or his designee, serves as coordinator of the program. Each year, the participating school districts pay an enrollment fee to the GRP to cover the costs of administering the program.

Granville Schools Education Foundation, Incorporated

The Granville Schools Education Foundation, authorized under Ohio Revised Code Chapter 1702, is a independent nonprofit corporation created in 1994. The Foundation's purpose is to improve education for the students of Granville Schools. The Foundation is governed by a Board of Trustees appointed by the Granville Exempted Village School District Board of Education. The Board of Trustees possesses its own contracting and budgeting authority, hires and fires personnel and does not depend on the District for operational subsidies. The District has no ability to impose its will on the organization nor does a burden/benefit relationship exist. Financial information can be obtained from the Granville Schools Education Foundation, Monica Graffeo, who serves as Executive Director, at P.O. Box 84, Granville, Ohio 43023.

NOTE 16 – CONTINGENCIES

(a) Grants

The District received financial assistance from federal and State agencies in the form of grants. The expenditure of funds received under these programs generally requires compliance with terms and conditions specified in the grant agreements and is subject to audit by the grantor agencies. Any disallowed claims resulting from such audits could become a liability of the General Fund or other applicable funds.

(b) Litigation

The District is currently not a party to any material legal proceedings.

**NOTES TO THE BASIC FINANCIAL STATEMENTS
FOR THE FISCAL YEAR ENDED JUNE 30, 2013**

NOTE 17 – FUND DEFICIT

The following funds had a deficit fund balance at June 30, 2013:

Building Fund	\$ (700,000)
Race to the Top	(924)
Title I Disadvantaged Children	(1,042)

These deficit fund balances are the result of the recognition of payables in accordance with generally accepted accounting principles. The general fund provides transfers to cover deficit balances; however, this is done when cash is needed rather than when accruals occur.

NOTE 18 – SET-ASIDE CALCULATIONS

The District is required by State statute to annually set aside in the general fund an amount based on a statutory formula for the purchase an equal amount for the acquisition and construction of capital improvements.

The following cash basis information describes the change in the year-end set-aside amounts for capital acquisition. Disclosure of this information is required by State statute.

	<u>Capital Acquisition</u>
Set-aside cash balance as of June 30, 2012	\$ -
Current fiscal year set-aside requirement	422,681
Current Year Offsets	(881,277)
Qualifying Disbursements	-
Total	<u>\$ (458,596)</u>
 Balance Carried Forward to FY 2013	 <u>\$ -</u>

Capital acquisition offsets and qualifying disbursements presented in the table were limited to those necessary to reduce the fiscal year-end balance to zero. Although the District had qualifying disbursements during the fiscal year that would have reduced the set-aside amount for capital acquisitions to below zero, this extra amount may not be used to reduce the set-aside requirement of future years, therefore the District has chosen not to present them.

NOTES TO THE BASIC FINANCIAL STATEMENTS FOR THE FISCAL YEAR ENDED JUNE 30, 2013

NOTE 19 – INTERFUND BALANCES

The General Fund made an advance to the Other Governmental Capital Projects Building Fund in the amount of \$700,000 for engineering fees for a future middle school building project. The District does not anticipate repaying the outstanding advance within the next fiscal year although does intend to repay the amount to the General Fund in future fiscal years. Therefore, this long-term loan has been recorded as Loans to/from Other Funds and classified as non-spendable in the General Fund. These amounts are eliminated on the government-wide financial statements.

During fiscal year 2009, the Debt Service Fund entered into a loan with the Permanent Improvement Fund in the amount of \$900,000 with an interest rate of 1 percent. During fiscal year 2013, \$225,000 was repaid leaving a balance of \$225,000 as of fiscal year-end. Due to/from Other Funds between governmental funds are eliminated on the government-wide financial statements.

The District's Debt Service Fund made payments of debt in the amount of \$239,740 on behalf of the General Fund. This amount is expected to be repaid during fiscal year 2014. Interfund Loan Receivable/Payable between governmental funds are eliminated on the government-wide financial statements

NOTE 20 – CHANGES IN ACCOUNTING PRINCIPLES

For fiscal year 2013, the District has implemented the following

GASB Statement No. 61 "The Financial Reporting Entity: Omnibus—an amendment of GASB Statements No. 14 and No. 34" improves financial reporting for a governmental financial reporting entity. The requirements of Statement No. 14, "The Financial Reporting Entity", and the related financial reporting requirements of Statement No. 34, "Basic Financial Statements—and Management's Discussion and Analysis—for State and Local Governments", were amended to better meet user needs and to address reporting entity issues that have arisen since the issuance of those Statements. The implementation of this statement did not have a significant effect on the financial statements of the District.

GASB Statement No. 62 "Codification of Accounting and Financial Reporting Guidance Contained in Pre-November 30, 1989 FASB and AICPA Pronouncements" incorporates certain accounting and financial reporting guidance issued on or before November 30, 1989, into the GASB's authoritative literature that do not conflict with or contradict GASB pronouncements. The implementation of this statement did not have a significant effect on the financial statements of the District.

GASB Statement No. 63 "Financial Reporting of Deferred Outflows of Resources, Deferred Inflows of Resources, and Net Position" standardizes the presentation of deferred outflows of resources and deferred inflows of resources and their effects on a government's net position. The implementation of this statement resulted in the reclassification of Net Assets to Net Position.

GASB Statement No. 65 "Items Previously Reported as Assets and Liabilities" clarifies the appropriate use of the financial statement elements deferred outflows of resources and deferred inflows of resources. The implementation of this statement requires the District to expense all debt issuance costs, rather than defer and amortize them over the life of the applicable debt issue. The implementation of this statement required a prior period adjustment to remove all unamortized bond issuance costs (see Note 22).

NOTE 21 – SUBSEQUENT EVENTS

The District passed a 5.5 mill new operating levy on November 5, 2013 which will generate an estimated \$2.3 million in revenue for the District.

NOTE 22 – RESTATEMENT OF PRIOR YEAR BALANCES

Due to the implementation of GASB 65, the Unamortized Bond Issuance Costs should be recognized as an expense in the period incurred. Because such amounts are the product of adjustments from a prior period, they are not properly included as part of the results of operations of the current period, rather are reported as a direct adjustment to beginning net position to restate those amounts to what they would have been. The Net Position adjustment had no effect on fund balances.

The effects of the GASB 65 adjustments are as follows:

Net Position, June 30, 2012	\$ 3,871,997
Deferred Bond Issuance Costs	<u>(322,541)</u>
Restated Net Position, July 1, 2012	<u>\$ 3,549,456</u>

NOTE 23 – MANAGEMENT PLAN TO ELIMINATE DEFICIT BALANCES

The District's unassigned fund balance was negative \$377,424 at the end of fiscal year 2013. Additionally, the District's unrestricted net position was negative \$8.5 million.

To address these issues going forward, the District made a series of spending cuts for fiscal year 2014. Through attrition and layoffs, there has been a net reduction of about seven percent of the overall district staff. Through negotiations, the staff is receiving only 1 percent base pay increases during fiscal year 2014. In addition, negotiations resulted in design changes to health care benefits. Those design changes, coupled with good utilization rates will result in reduced costs in fiscal year 2014. As stated in Note 21, the District has passed a new operating levy that will produce \$2.3 million annually for the District in revenue.

COMBINING STATEMENTS – NONMAJOR GOVERNMENTAL FUNDS

GRANVILLE EXEMPTED VILLAGE SCHOOL DISTRICT

STATEMENT OF CHANGES IN ASSETS AND LIABILITIES AGENCY FUND FOR THE FISCAL YEAR ENDED JUNE 30, 2013

Non-major Governmental Funds

Non-major Governmental Funds account for revenues from specific sources, which legally, or otherwise, are restricted to expenditures for specific purposes. A description of the District's Non-major Governmental Funds follows:

Permanent Improvement Fund - A fund provided to account for all transactions related to acquiring, constructing, or improving school facilities.

Building Fund - A fund used to account for the receipts and expenditures related to all special bond funds in the district. All proceeds from the sale of bonds, notes, or certificates of indebtedness, except premium and accrued interest, must be paid into this fund. Expenditures recorded here represent the costs of acquiring capital facilities including real property.

Food Service Fund - A fund used to account for the financial activity related to the District's food service operation.

Program Donations Fund - A fund used to account for the receipt and expenditure of program donations that can be expended for school district programs.

Other Grants Fund - A fund used to account for the proceeds of specific revenue sources, except for state and federal grants that are legally restricted to expenditures for specified purposes.

Classroom Facilities Maintenance Fund - A fund used to account for the proceeds of a levy for the maintenance of facilities.

District Managed Student Activity Fund - A fund provided to account for those student activity programs which have student participation in the activity but do not have student management of the programs. This fund would usually include athletic programs but could also include the band, cheerleaders, flag corps, and other similar types of activities.

Auxiliary Services Fund - A fund used to account for monies which provide services and materials to pupils attending non-public schools within the school district.

Data Communications Fund - A fund used to account for monies received in order for the District to obtain access to the Ohio Educational Computer Network.

Vocational Education Enhancement Fund - A fund used to account for Vocational Education Enhancements that: 1) expand the number of students enrolled in tech prep programs, 2) enable students to develop career plans, to identify initial educational and career goals, and to develop a career passport which provides a clear understanding of the student's knowledge, skills, and credentials to present to future employers, universities, and other training institutes, and 3) replace or update equipment essential for the instruction of students in job skills taught as part of a vocational program or programs approved for such instruction by the State Board of Education.

**STATEMENT OF CHANGES IN ASSETS AND LIABILITIES
AGENCY FUND
FOR THE FISCAL YEAR ENDED JUNE 30, 2013**

Race to the Top Fund - A fund used to account for federal funds used to assist states in providing either a new program or expansion of an existing program to support initiatives in the following areas: Standards and Assessments; Using Data to improve Instruction; Great Teachers and Leaders; and Turning Around the Lowest-Achieving Schools.

Title VI-B IDEA Fund - A fund used to account for federal funds used to assist states in providing an appropriate public education to all children with disabilities.

Title III, Limited English Proficiency Fund - A fund used to account for federal funds used to develop and carry out elementary and secondary school programs, including activities at the pre-school level, to meet the educational needs of children of limited English proficiency.

Title I Disadvantaged Children Fund - A fund used to provide financial assistance to State and Local educational agencies to meet the special needs of educationally deprived children. Included are the Even Start and Comprehensive School Reform programs.

Title II-A Improving Teacher Quality Fund - A fund used to account for monies to hire additional classroom teachers in grades 1 through 3, so that the number of students per teacher will be reduced.

Real property is reappraised every six years with a State mandated update of the current market value in the third year following each reappraisal

The assessed value of real property (including public utility real property) is 35 percent of estimated true value. Through 2008, personal property tax was assessed on all tangible personal property used in business in Ohio. The assessed value of public utility property ranges from 24 percent of true value to 88 percent, depending on the type of property. General business tangible personal property tax began being phased out in tax year 2006. The listing percentage was reduced to 18.75 percent for tax year 2006, 12.5 percent for tax year 2007, 6.25 percent for tax year 2008 and zero for tax year 2009.

The tangible personal property values associated with each year are the values that, when multiplied by the applicable rates, generated the property tax revenue billed in that year. For real property, the amounts generated by multiplying the assessed values by the applicable rates would be reduced by the 10 percent, 2 1/2 percent and homestead exemptions before being billed.

Values are shown net of exempt property.

(1) In 2006, HB 530 changed the assessed valuation utilized in the legal debt margin calculation to exclude general business tangible personal property tax as well as railroad and telephone tangible property. For fiscal year 2013, the tax year 2013 assessed valuation is not available, therefore, the tax year 2012 assessed valuation was used.

(2) Ohio Bond Law sets a limit of 9% for overall debt and 1/10 of 1% for unvoted debt.

Note: The amount of debt presented as subject to the limit should be the balances used to compute the margin as specified by statute, i.e. the gross balances, not amounts that are net of premiums or discounts.
