

# PROVIDING MEALS

Granville Exempted Village School

Currently, we are all experiencing a different and sometimes difficult time.

To adapt service to the COVID-19 epidemic meals for the elementary and intermediate schools meals will be pre-ordered weekly. Choices will include a sandwich, fruit, vegetable and milk. Your child's name will identify their lunch which they can pick up during their normal lunch period.

The middle and high school will serve grab n go cold foods, trattoria and agave' stations.

The district meal price for this year will be \$3.25. Free and reduced meals will be available to qualifying students.

This institution is an equal opportunity provider.
